

A photograph of a silver Acer laptop, its power adapter, and power cable laid out on a blue surface next to a ruler for scale. The laptop is closed, showing the 'acer' logo on the lid. The power adapter is a black rectangular brick, and the power cable is black with a standard two-prong AC plug. A metal ruler is placed horizontally below the laptop and vertically to its left, providing a sense of size. The background is a solid blue fabric.
