

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

EUT Housing and Board View 3	 A photograph showing the internal components of a mobile phone, specifically the EUT housing and board. The board is blue and populated with various electronic components, including a large black battery, a camera module, and various connectors. The housing is black and appears to be made of plastic. A ruler is placed next to the device for scale, showing dimensions in millimeters.
EUT Housing and Board View 4	 A photograph showing the internal components of a mobile phone, specifically the EUT housing and board. The board is blue and populated with various electronic components, including a large black battery, a camera module, and various connectors. The housing is black and appears to be made of plastic. A ruler is placed next to the device for scale, showing dimensions in millimeters.

Solder
Board-Component

Solder
Board-Component
View 2

Solder Board-Component View 3	 A photograph of a blue printed circuit board (PCB) component, labeled 'View 3'. The board is rectangular with various electronic components, including a central microcontroller, several capacitors, and integrated circuits. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The board is placed on a blue textured surface.
Solder Board-Component View 4	 A photograph of a blue printed circuit board (PCB) component, labeled 'View 4'. This view shows a different side or a different section of the board, featuring a central microcontroller, capacitors, and other components. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The board is placed on a blue textured surface.

Solder Board-Component View 5	 A photograph of a blue printed circuit board (PCB) component with gold-colored solder pads. The component is positioned horizontally next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is approximately 100 mm long and 20 mm wide.
Antenna View	MAIN Ant. NFC Ant WIFI/BT Ant A photograph of the internal antenna layout of a device, showing a black plastic frame with various components. Red boxes highlight the locations of the MAIN Ant., NFC Ant., WIFI/BT Ant., and DIV Ant. Red lines connect the labels to the corresponding components. The device is placed on a blue textured surface. DIV Ant.
