HAVING QUESTION WITH WOOLAB? WE CAN HELP! Scan the code for more details  Product Usage Video User Manual Contact us at support@woohlab.com Our team of experts can help you resolve any issues.	Troubleshooting 1 Cannot connect to the Woohlab app ● Ensure that the projector is powered on. ● Check that Bluetooth is enabled on your smartphone. Otherwise, try connecting with another Bluetooth-enabled smartphone if available. ● When connecting for the first time, ensure the smartphone is near the device. ● If the connection still fails, press and hold the power button on the device. Continue holding while the ambient lights on both sides flash 3 times and then illuminate for 2-3 seconds before powering down. This will reset the Bluetooth pairing setting. Next, press the "Rescan" link on the Woohlab app to try reconnecting to the projector. 2 Wi-Fi disconnected or failing to connect ● Ensure that the projector is powered on. ● Check that your Wi-Fi router is 2.4GHz. (5GHz is not supported.) ● Double-check that you entered the correct Wi-Fi password during the Wi-Fi set-up process. ● Place the projector in close proximity to the Wi-Fi router, then try reconnecting. ● Try connecting the projector with a smartphone hotspot to check if your home network is working properly. 3 Cannot connect to Alexa smart speaker ● Ensure your Wi-Fi connection is stable and working properly.	Customer Service 1 Email：support@woohlab.com 2 Official Website：https://woohlab.com 3 Company：Shenzhen Lichu Technology Co., Ltd 4 Address：Floor 25, Education Technology Building, No. 26, Zizhu 7th Road, Zhuzilin 4th Road, Futian District, Shenzhen FCC Statement This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct	the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The distance between user and products should be no less than 20cm. FCC ID : 2A9M5GL001 IC STATEMENT This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts	de licence. L'exploitation est autorisée aux deux conditions suivantes : 1. L'appareil ne doit pas produire de brouillage; 2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. The distance between user and products should be no less than 20cm.
