

真无线蓝牙耳机 Y913

使用说明书

使用前请阅读使用说明书

产品规格

产品规格

产品规格: >10mm

喇叭直径: <13mm

喇叭功率: 10mW×2

阻抗: 32Ω

麦克风灵敏度: -40dB±3dB

阻抗比: >16Ω

失真度: <3%

频率响应: 20Hz-20KHz

最长续航时间: 约14小时

充电仓容量: 300mAh

充电仓电池容量: 250mAh

耳机充电时间: 约1小时

耳机充电功率: 约1.5W

(所有技术指标均以实际性能为准)

产品注意事项

产品注意事项

(1) 除说明书有特殊标识的操作方式以外, 请勿尝试拆卸或更换产品内的任何零件。

(2) 本产品含有锂电池, 禁止撞击、挤压、刺破、焚烧或短路, 若出现短路或起火、变形、膨胀、漏液等情况, 请及时使用, 请勿尝试拆卸明火、阳光照射、加热、火灼等高温以及高电压环境中, 电池充电禁止使用。耳机使用后, 应将其存放在干燥、无腐蚀性、油渍、酸、碱、日光直射等高温高压等环境中, 以免造成耳机电池损坏。电池充电时, 应防止潮湿、水浸、雨淋等, 以免发生短路。耳机充电时, 请勿自行拆卸电池, 如果电池更换不当会有爆炸危险, 只能通过专用充电器或更换电池类型等再次更换电池的使用。

(3) 产品使用期间, 应防止耳机与火源、高温环境产生直接接触或长时间接触。请正确使用本产品, 以免造成一定的伤害和损坏。

(4) 在耳机使用过程中, 由于运动、中间有障碍物或其他无线电信号、蓝牙信号、Wi-Fi信号、蓝牙信号等情况下, 耳机可能会出现断音、音质差、延迟等情况下, 会出现耳机卡顿、音质不清晰或不稳定等情况, 如出现此情况请重新连接耳机或重启于耳机。

(5) 充电时充电插座使用电压应为交流电AC 5V/1A的设备, 必须通过国家3C认证安全认证合格充电器, 请勿使用快充充电器, 以免充电时产生大量热量, 从而产生危险, 造成耳机使用寿命缩短, 造成耳机使用寿命缩短, 造成耳机使用寿命缩短。

安全与有效使用指南

安全与有效使用指南

注意: 请在佩戴蓝牙耳机前首先阅读此信息。

用户如果未经许可而对此蓝牙耳机进行改动或改装, 将丧失保修资格, 有损设备所含服务的权利。

产品使用期间, 应防止耳机与火源、高温环境产生直接接触或长时间接触。请正确使用本产品, 以免造成一定的伤害和损坏。

产品使用期间, 应防止耳机与火源、高温环境产生直接接触或长时间接触。请正确使用本产品, 以免造成一定的伤害和损坏。

产品操作说明

产品操作说明

1. 耳机

方式一: 将左右耳机从充电仓取出, 耳机开机。

方式二: 耳机充电仓的状态 (无充电仓) 下, 长按左右耳多功能触控键3秒钟, 耳机开机。

2. 耳机

方式一: 将耳机状态下的左右耳机直接放入充电仓, 耳机关机。

方式二: 处于开机状态下的左右耳多功能触控键3秒钟, 耳机关机。

3. 耳机

方式一: 将耳机状态下的左右耳多功能触控键3秒钟, 耳机关机。

方式二: 处于开机状态下的左右耳多功能触控键3秒钟, 耳机关机。

4. 耳机

方式一: 将耳机状态下的左右耳多功能触控键3秒钟, 耳机关机。

方式二: 处于开机状态下的左右耳多功能触控键3秒钟, 耳机关机。

True wireless Bluetooth earphones Y913 	Product specifications Product specifications Effective distance : 10m Microphone sensitivity : 1 mm Power output : 10mW ± 2 Impedance : 32 Ω Microphone sensitivity : -40dB ± 3dB SNR : 95dB Distortion : ≤ 3% Frequency response : 20Hz~20KHz Duration : about 4 hours Earphone battery capacity : 30mAh Battery capacity of charging chamber: 250mAh Headphone charging time : about 1 hours Charging time of charging chamber : about 1.5hours (All technical data is subject to actual performance)	After using the headset, do not place the headset in damp, dust, oily smoke, steam in high temperature and high pressure environments such as the kitchen, so as not to cause damage to the headset and battery. The battery can be charged and discharged for a limited number of times, eventually aging. When the battery is used abnormally, you can replace the battery with a new one. However, do not replace the battery by yourself. If the battery is incorrectly replaced, there is a danger of explosion. Battery usage: (3) After the product is scrapped, do not throw the product into the fire, and the waste treatment should be strictly in accordance with the garbage classification process. To process, please use this product reasonably and correctly, so as not to cause certain harm and environmental damage. (4) During the use of the headset, due to long distances, obstacles in the middle, or other wireless interference in the case of a series of interference such as electrical signal, Bluetooth signal, WIFI signal, etc., when the earphone is in use, listening to music, watching video, playing games, etc., there will be occasional freezes, unsynchronized voice or disconnection, such as in this case, please reconnect the headset or restart the headset.	List of items Bluetooth headset x 2 Charging box x 1 Instruction x 1 Ear cap x 6 Product precautions (1) Do not try to disassemble or replace the product except for the operation methods that are specially marked in the manual. Any parts inside, especially the battery, should not be disassembled or replaced. If this product contains a built-in rechargeable battery, it is forbidden to hit, squeeze, puncture, or short-circuit the battery. If the current temperature is too high, deformation, swelling, liquid leakage and other abnormal phenomena, please stop using it and do not place the battery in the high-temperature and high-pressure environments such as open flames, sun exposure, heaters, stoves, etc., the battery should not be immersed in water, drop acid.	Guidelines for safe and effective use Note: Please read this information before using the Bluetooth headset. If the user changes or modifies the Bluetooth headset without permission, he will lose the continued enjoyment. Have the right to the services indicated in the device. 1. Electromagnetic interference: Electronic equipment: To avoid the influence of electromagnetic interference or configuration incompatibility, please turn off your Bluetooth device in accordance with the regulations. Civil Aviation: After boarding, please turn off your Bluetooth headset according to the instructions of the flight attendant. It is strictly forbidden to use the Bluetooth headset in flight to avoid interference with the aircraft communication system. 2. Safety matters: Placement: It is recommended that you place the Bluetooth headset in a place where it will not be squeezed when not using it. Pressure may cause product damage or personal injury. Children: TWS should not be given to children aged 14 and below. Some of the small parts are detachable and may be swallowed, causing and cause danger.	Product operation instructions 1. Power on Method 1: Remove the left and right earphones from the charging bin and turn on the earphones. 2. Pairing with mobile phone Turn the opposite ear (left) the indicator light on the right earphone to the left earphone multi-function touch button for about 3 seconds, and the earphone is on. 2. Power off Method 1: Put the left and right earphones in the charging bin directly and turn on the earphones. Method 2: The left and right earphone multi-function keys in the power on state touch the key for about 5 seconds, and the earphone is turned off. Note: when the headset is turned on, it will automatically turn off if it is not paired with the corresponding Bluetooth device during the use. Beyond the effective connection distance of the signal, it is not connected with the corresponding Bluetooth device. After 5 minutes, the headset will automatically turn off. 3. TWS pairing When there is no pairing record between the left and right earphones, the left and right earphones will be paired automatically after they are both turned on. 4. When the left and right earphones have matching records, they will be automatically connected back when they are turned on. 4. Automatic switch between left and right ears When the process of using the headset is interrupted, and the left (right) ear into the charging box to charge, and it will automatically switch to the right (left) ear to continue to play the music state before (after switching). 5. In the process of using the earphone, put the left (right) into the charging box to charge, which will not affect the normal operation of the right (left) ear. After TWS is configured, when one ear is in use, take out another headset to automatically connect TWS, and the left and right earphone continue to work. 4. Turn on the left or right ear separately to connect the mobile phone back. 5. Pairing with Bluetooth devices Open the Bluetooth setting option of the Bluetooth device to be paired. Enter the option, find the Bluetooth pairing name of the headset "Y913", and click the pairing name to pair. 6. Play music Long press touch the left ear headset multi-function touch key three times in a row Next song: touch the right ear headset multi-function touch key three times in a row Volume increase: long press the left ear touch bit for 1.5 seconds to increase the volume by one level Volume reduction: long press the right ear touch bit for 1.5 seconds to reduce the volume by one level Pause (play): short touch any headset multi-function touch key once 7. Hands free telephone (paired operation of two earphones) When calling, answer: short touch any headset multi-function touch key once When calling, hang up: when the call is on, short touch any headset multi-function touch key once When calling, answer: short touch the headset multi-function touch key once When calling, refuse to answer: long touch the headset multi-function touch button for one second End the call and hang up: when the call is on, short touch any headset multi-function touch key once 8. Hands free (single headset operation)	touch key When calling, answer: short touch the headset multi-function touch key once When calling, refuse to answer: long touch the headset multi-function touch button for one second End the call and hang up: when the call is on, short touch any headset multi-function touch key once 8. Hands free (single headset operation) This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. If the changes or modifications are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: – Reorient or relocate the receiving antenna. – Increase the separation between the equipment and receiver. – Plug the equipment into a different outlet on a circuit different from that to which the receiver is connected. – Consult the dealer or an experienced radio/TV technician for help. If the device has been evaluated for FCC compliance, general RF exposure protection. The device can be used in portable exposure condition without restriction
