

Checkit Connected Automated Monitoring+ System (CAM+)

Antenna Information:

Manufacturer: **RF Solutions**

Manufacturer Part No: **FLEXI-M4-868**

Description: 1/4 Wave FLEXI Whip antenna, 868MHZ, M4 Screw Connector, Input Impedance 50 Ohms, gain up to 4dBi. See datasheet for other details.

This antenna is used on the Checkit CAM+ system for all MiWi RF transmitters, operates at 866MHz (UK) and 915MHz (US).

Product Specification

Weight:	0.0200 KGS
Frequency:	868MHz
Antenna - Form factor :	Whip
Antenna - Directional :	Omni-Directional
Antenna - Connector Type :	Embedded
IP Rating :	None
Antenna - Gain (dB):	0-4
Antenna - Mounting Type :	SMT
FORM:	1/4 WAVE
OP TEMPERATURE:	-30 to +60oC
CONNECTOR:	M4
TYPE:	FLEXI WHIP
PART:	FLEXI-M4-868
