Tech Specifications

- Capacity: 10000mAh/3.85V/38.5Wh
- USB-C/Lightning Input: 5V/3A, 9V/2A, 12V/1.5A
- USB-C/Lightning Output: 5V/3A, 9V/2.22A, 12V/1.67A
- USB-A Output: 5V/3A, 9V/2.22A, 12V/1.67A
- Wireless Output for Phone: 5W/7.5W/10W/15W
- Wireless Output for Smartwatch: 2W
- Working Temperature: 32°F ~ 122°F (0°C ~ 50°C)

Contents:

- 1x Magnetic Wireless Powerbank Built-in Cable and Holder
- 1x User Guide

Safety Precautions

- This product is NOT a toy; keep away from children and pets.
- Use the device only according to the instructions in this Guide. Never use it for anything other than its intended purpose.
- Do not open or attempt to repair the device yourself if it is not working properly. Doing so could lead to fire, shock, or injury.
- Store the device in a dry, cool place when not in use, away from water or heat sources.
- Do not expose the device or charging cable to extreme temperatures, open flames, or wet/humid conditions.
- Do not submerge the device in water or use it where it or the charging cable could fall into liquid.
- Unplug the charging cable when not in use. Do not pull the cable to disconnect or use it as a handle.
- Do not use if the device or charging cable is damaged. If damaged, it must be serviced or replaced by the manufacturer or its service agent before further use.
- A low battery may cause malfunction.
- Do not overcharge the battery.
- This device contains a built-in battery and must not be disposed of with regular household waste. Consult local authorities for proper disposal methods.

How to Use

Charge the power bank fully before using for the first time.

Charge the Power Bank

- Plug the small connector of the included charging cable into the USB-C port on the power bank.
- Plug the other end of the cable into a USB power source, such as the USB port on a computer or into a certified USB adapter (not included), and plug into a wall socket.
- The Digital Display will show the power level percentage while the power bank is charging.

Charge Your Devices with the Power Bank

- Using the cable of the device you wish to charge, connect the charging cable to your device with the appropriate connector.
- Connect the other end of the cable to the USB-C port of the power bank.
- The power bank will begin to charge automatically.
- The Digital Display will show the power level percentage while charging. Remove the cable from your mobile device when it is fully charged.

LED indicator instructions:

- Press the Power button once to turn ON the Digital Display and Luminous logo.
- Press the Power button twice to turn OFF the Digital Display and Luminous logo.
- The Luminous logo will shutoff automatically in 60 seconds.
- The Digital Display will show a flashlight icon while charging a Fast-charging phone.

FCC Warning Statement

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
