Product Name: HDMI Over Wireless Extender 4K60Hz 20m(65ft), USBC Over Wireless Extender 4K60Hz 20m(65ft)

FCC ID: 2AA3I-0023

Model No.: 4KHDMI-WIRELESS-65FT-TX, 4KUSBC-WIRELESS-65FT-TX

**Model Declaration Letter**

Dear Regulatory Authority,

The equipment Model: The 4KUSBC-WIRELESS-65FT-TX and H4KHDMI-WIRELESS-65FT-TX differ only in the following respects, all other PCB boards have the same PCB layout, schematic, and BOM. To meet different market demands.

The differences list as below

| Location   | Model: 4KHDMI-WIRELESS-65FT-TX                                                                                                                                               | Model: 4KUSBC-WIRELESS-65FT-TX    |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|
| EUT        | Please refer to Annex for the EUT                                                                                                                                            | Please refer to Annex for the EUT |
| Main board | Please refer to Annex for the EUT                                                                                                                                            | Please refer to Annex for the EUT |
|            | The TX PCBA motherboards of these two models are the same, except for the different mainline connections. One has an HDMI interface, while the other has a Type-C interface. |                                   |

Sincerely,

Signatory

[Mike Avarello, Manager]
