Diagram showing the connection for Pin 1 of the TSM-105-23-T-S (RCHS) component. The component is labeled TSM-105-23-T-S (RCHS) and has a pin number 105232. The diagram shows a 5-pin connector with pins labeled 1 through 5. Pin 1 is connected to UART_RTS. Pin 2 is connected to UART_CTS. Pin 3 is connected to UART_TX. Pin 4 is connected to UART_RX. Pin 5 is connected to GND.

05 - Notes & Revision History

NOTES

NP = NOT POPULATED, and the part will have a dotted rectangle drawn around it.

REVISION HISTORY

Alpha

PAGES - All

- Release preliminary schematic

Beta

02 - Ssc

- Change C1 & C2 to 1009637 (16pF)
 - C3, C4 & Y2 moved to no populate part
 - Remove R1 & R2, replace with trace
 - Add mounting hole
 - Change Y2 to 1024409
- 03 - Sensors
- No Populated Temperature & Humidity Sensor: U4, R9, R10, C8
