

STAR WAVE TECHNOLOGY CO., LTD.

User Manual

Model: IMAC-K131S

1, SPECIFICATION

Item	specification		
Manufacture	STAR WAVE TECHNOLOGY CO., LTD.		
Model	IMAC-K131S		
Wireless function	2.4GHz		
Color	White and silver		
Keys	109		
Size	432mm	115mm	22.5mm
Operation voltage	5V, USB port		

2, EXTERNAL VIEW

3, CONNECTING

Compatible with: Windows XP/VISTA/Win 7 / 8 / 10, Mac OS

STAR WAVE TECHNOLOGY CO., LTD.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
