Re: FCC ID: 2AA9WV500

To Whom It May Concern:

The following application is submitted on behalf of our client, VSN Technologies, Inc., for evaluation of their model V500 for certification under FCC Part 15.247.

The model V500 is a remote control which operates in the 2.4 GHz ISM band using the Bluetooth Low Energy (BLE) technology. The unit allows control of the VSN Technology V360 camera.

The FCC ID:2AA9WV500 was tested in full and was found to be in compliance with the aforementioned test requirements.

Sincerely,
