ANR Explained

How it works
The DXR-9 reduces repetitive background noise, making baby sounds clearer. It works best with appliances that produce constant droning sounds.

Intended purpose
ANR filters noise from:
• Fans
• Air purifiers
• Air conditioners
• Humidifiers
• Heaters
• Mechanical white noise machines
• Baby monitor static

Sound Machine Compatibility
ANR works best with continuous sound waves (e.g., fans, heaters). Some digital sound machines with non-repeating sound waves may cause distortion.

5

Pairing

The Camera Unit is pre-registered to the Monitor Unit and usually requires no setup.
If the connection is lost, follow these steps to re-pair:

Battery Access

Warranty Information

We warrant to the original user that this product shall be free from all defects in material or workmanship for one year from the date of purchase. This warranty does not apply to any product that has been subject to abuse, misuse, negligence, or accident, nor does it apply to any batteries that may be supplied with the product. Defects caused by tampering, unauthorized alterations, or repairs are not covered by this warranty. We may elect to replace the entire unit, at no extra cost to you, with the same model or a similar model rather than repair it. If a defect covered by this warranty should occur, email us with a scanned copy of your original receipt and a brief explanation of the problem. Failure to do so means Infant Optics will not perform any of its obligations under this warranty. Our service representative will provide you with an address of our closest office/warehouse to where you live, together with a return authorization number. To return the item, you must use the original packaging or the equivalent, and you must pay postage.

This limited warranty is valid only in the United States and applies only when this product is used in the United States.

OUTSIDE THE US: This warranty does NOT apply to, and Infant Optics is not responsible for, any warranty claims made on products sold or used outside the United States.
