RE: RESTRICTION OF OPERATION TO CHANNELS 1-11 ONLY

Circuitlink attests that the T5 devices' Wifi operation will be restricted to channels 1-11 only, in submission for our application for FCC approval.

FCC ID Affected: 2AAARTACHO5B

We attest that:

- At power-up WLAN transmission beyond channels 1-11 (e.g. channels 12 and 13) will be permanently disabled.
- This setting cannot be overridden by the installer, user or through configuration settings.

Yours sincerely

Tony Davis
