

ANNEX

EXHIBIT 1 - PRODUCT LABELING

Proposed FCC ID Label Format

Specifications: The label shall be securely affixed to a permanently attached part of the device, in a location where it is visible or easily accessible to the user, and shall not be readily detachable. The label shall be sufficiently durable to remain fully legible and intact on the device in all normal conditions of use throughout the device's expected lifetime.

Proposed Label Location on EUT

FCC ID Label Location	The image shows a black tablet device lying flat on a light blue surface. A red rectangular box is drawn on the back of the tablet, indicating the proposed location for the FCC ID label. A red arrow points from the top right corner of the box to the top edge of the tablet. A black ruler is placed vertically to the left of the tablet, and a white ruler is placed horizontally below the tablet, both showing measurements in centimeters and millimeters.
