

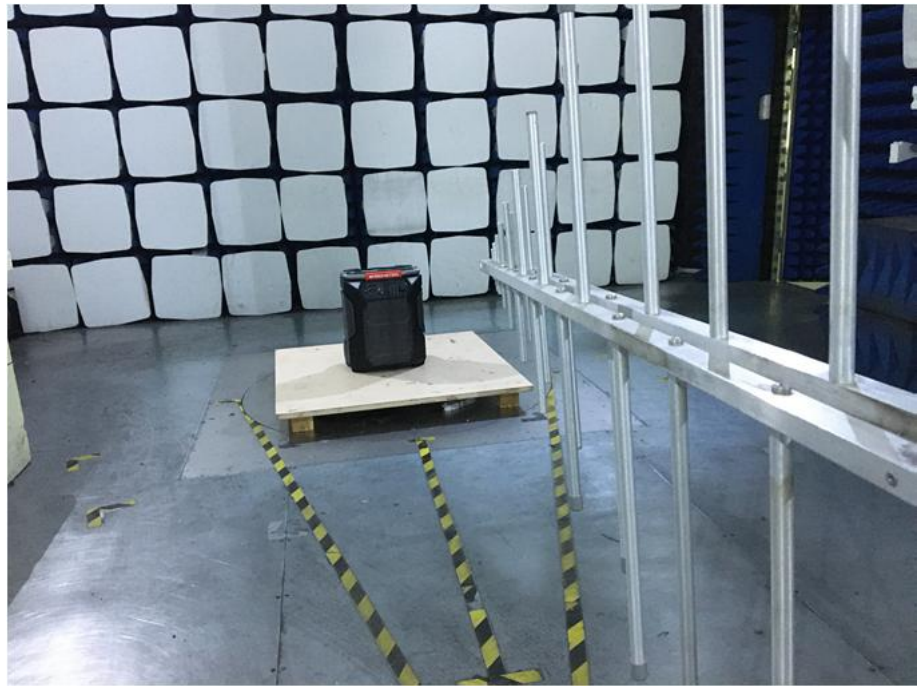

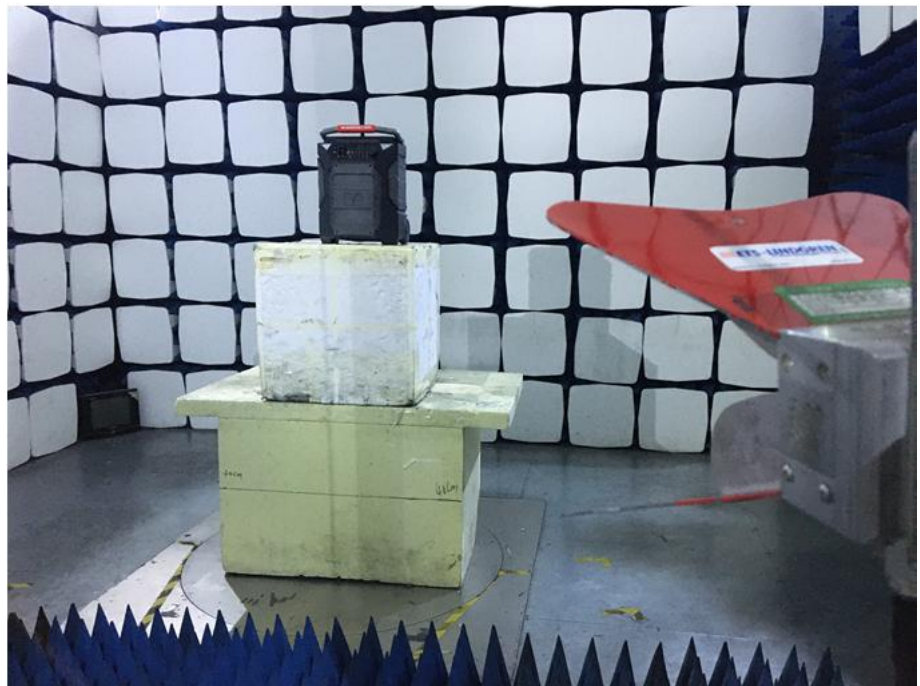

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a wooden workbench holds a piece of electronic equipment with a screen and various knobs. A power cord runs from a wall outlet to a power supply unit on the floor. To the right, a black portable electronic device with a red handle and a digital display sits on a wooden table. The background is a plain grey wall.
Radiation Emission Test Setup (Below 30MHz)	 A photograph showing a radiation emission test setup. A black portable electronic device is placed on a wooden table in the center of a room. The walls are covered with white, square-shaped electromagnetic shielding tiles. In the foreground, a metal frame structure is visible, and the floor is marked with yellow and black caution tape.

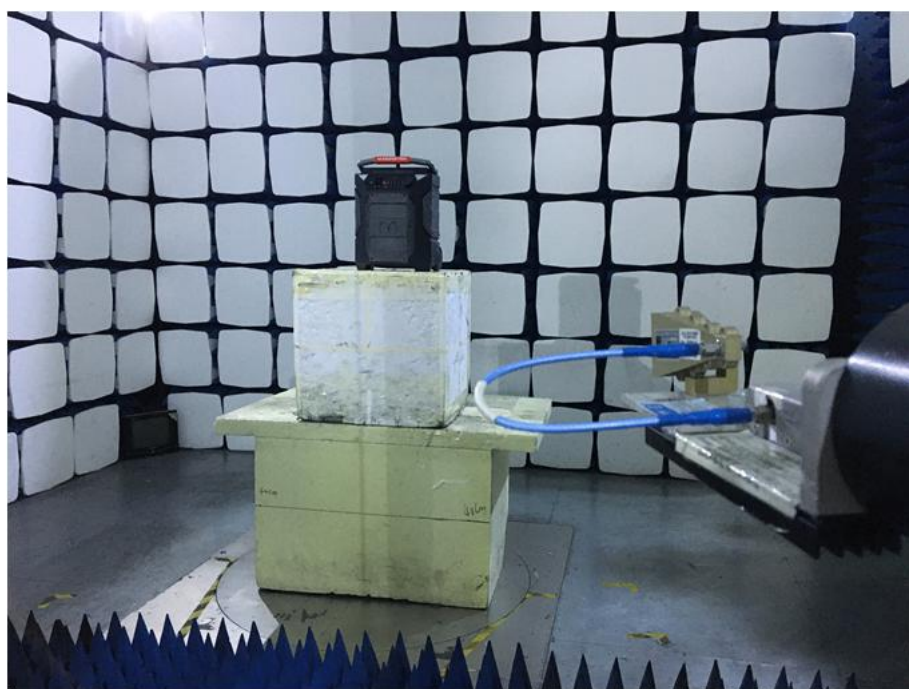

**Radiation Emission Test
Setup (30MHz to 1GHz)**

**Radiation Emission Test
Setup (1GHz to 18GHz)**

**Radiation Emission Test
Setup (Above 18GHz)**
