

Charging Your Bluetooth Keyboard

Note: Please fully charge the Bluetooth Keyboard prior to use. It takes approximately 2 hours to charge an empty battery. Make sure your Bluetooth Keyboard is turned OFF.

CHARGING VIA WALL CHARGER: Connect one end of the cable to the Micro USB port and the other end to the wall charger.

CHARGING VIA COMPUTER: Connect one end of the cable to the Micro USB port and the other end to the computer's USB port.

While the Bluetooth Keyboard is charging, the charging indicator will be red. Once fully charged, the charging indicator will turn green.

Tip: To extend the life of your battery between charges, turn off the Bluetooth function whenever you are not using it. You may also be required to turn off Bluetooth function in some locations. Bluetooth function will turn off when you switch to Airplane mode.

Connecting to Bluetooth/Pairing

Follow the below instructions to “pair” your devices for initial use. Once you have paired your tablet (device), you do not need to repeat the pairing process, the keyboard will automatically link to the tablet (device) when both devices are switched on.

If using your Bluetooth keyboard with another device, you must perform the pairing process again.

1. Turn on your Bluetooth Keyboard by switching the power button from OFF to ON.
2. Turn on your tablet's Bluetooth function by going to **Settings>Wireless & Networks**. Slide the Bluetooth slider from OFF to ON.
3. On the Bluetooth Keyboard, press and hold on the **Bluetooth Connection Button** for 3 seconds, then release it. The blue LED light (Bluetooth Connection Indicator) will start flashing while attempting to connect to the tablet.
4. On the tablet, click on “Search for device” or “Scan” button and the tablet will take a moment to search for the Bluetooth Keyboard.
5. Once the scan result list shows up, click on the name of the device (see Figure A).
6. Once connected, a dialog window will pop up (see Figure B), please follow the instructions and type in the requested number on your Bluetooth keyboard to complete the pairing process.
7. “Connected to input device” will display on your tablet (see Figure C) when the devices have successfully paired. Now you may use your Bluetooth Keyboard.
