Re: Limited Modular Approval Request - FCC

FCC ID.: 2AAXVTNTMOD1 2AAXVTNTMOD1

Product Name: MOD1UWB

Pursuant to the requirements of DA00-1407 and 996369 "D01 Module Equip Auth Guide v01" for limited modular approval of Part 15 devices:

Requirement	Comments/Declaration
i. The radio elements must have the radio frequency circuitry shielded. Physical/discrete and tuning capacitors may be located external to the shield, but must be on the module assembly.	All radio frequency elements are located within the IC Chip on the Module.
ii. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	The only data input to the module is a digital SPI Bus
iii. The module must contain power supply regulation on the module.	2.8 to3.6 volt input, internally regulated to 1.8V
iv. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Permanently attached antenna
v. The module must demonstrate compliance in a stand-alone configuration	No
vi. The module must be labeled with its permanently affixed FCC ID label, or use an electronic display	Yes
vii. The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements.	XXX ABG Tag and Traq, Inc. does not sell this module. ABG Tag and Traq, Inc. integrates this module into their own devices and are responsible for labeling of the module and final assemblies and for the compliance of the final assemblies and for the compliance of the final assembly with CFR 457,15.247.

viii. The module must comply with RF exposure requirements.	The module will be used by ABG Tag and Traq, Inc. for final assemblies used only in Mobile RF exposure configurations. This filing contains evidence of compliance with RF exposure rules for mobile configuration.
