Re: FCC ID: 2AAZL-GTCU-001

To Whom It May Concern:

The following application is submitted on behalf of our client, Globe Tracker, for evaluation of their model GTCU-001 for certification under FCC Part 15.231(e).

The Globe Tracker Communication Unit model GTCU-001 includes a 433 MHz transceiver and a GSM module (FCC ID: RI7GE865) and an 802.11b Wi-Fi module FCC ID: 2AAZL-GTCU-GS-001. The GTCU-001 system only allows sequential transmission among the radios.

The FCC ID: 2AAZL-GTCU-001 was evaluated in full and was found to be compliant with the aforementioned test requirements.

Sincerely,
