

RF Exposure Declaration

Date: 2026/7/15

To FCC:

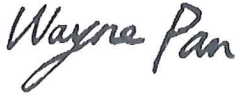

We are submitting an application for a class II permissive change to the FCC approval of the Company name: Vesync (US) Corporation, product description: Smart Fitness Scale (FCC ID: 2AB22-A591SA, Original Grant Date: 11/21/2024). Here are the changes:

1. Change the Flash chip in the WIFI module.

This component change does not affect RF Exposure. The original SAR test value (0.82 W/kg) remains valid. Please refer to the test report: BCTC2410781044E.

Sincerely,

Client's signature:

Name: Wayne Pan

Title: Senior Manager

Applicant Company: Vesync (US) Corporation
