IMPORTANT PRODUCT INFORMATION

 SAFETY INFORMATION

READ ALL SAFETY INFORMATION BEFORE USING THE DEVICE. FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.

Ring Beacon is intended for outdoor installation only. Only install in the ground (grass, flower beds, etc.). Do not attempt to install in turf. Do not attempt to install in concrete, tar, or other paved surfaces. Do not attempt to install indoors.

WARNING: LACERATION HAZARD

Stake includes sharp edges that can cause injury. Improperly installed stake may present a hazard to children. Exercise caution when driving stake into the ground. Do not place hands, fingers, or other limbs or extremities between the stake and the ground during installation. Ensure the stake is securely lodged in the ground. Do not install Ring Beacon near play areas designated for children. Discontinue use if the sign or stake become damaged.

 BATTERY SAFETY

HANDLE WITH CARE. Your device contains lithium-ion rechargeable batteries. Use of an unqualified battery or charger may present a risk of fire, explosion, shock, chemical leakage, or other hazard. If battery replacement becomes necessary, use only a new lithium-ion rechargeable battery expressly qualified for use with your device.

Keep all batteries out of reach of children. Do not attempt to open, disassemble, modify, or manufacture the battery, attempt to insert foreign objects into the battery, or immerse or expose it to water, other liquids, fire, explosion, or other hazards. To avoid short-circuiting a battery, do not allow battery terminals to touch metallic conductive objects or other battery terminals. Avoid dropping the device or battery. Do not crush or puncture the battery. Watch for signs of faulty batteries, including swelling, dents, and tears in the battery wrapper. If you suspect damage to the device or battery, do not attempt repair. Instead, remove batteries from your device and contact Ring Customer Service for assistance.

Only charge your batteries inside a building, in a dry state and using an appropriate charging cable.

OTHER SAFETY CONSIDERATIONS

Your device can withstand outdoor use and contact with water under certain conditions. However, your device is not intended for underwater use and may experience temporary effects from exposure to water. Do not immerse your device in water. Do not spill any food, oil, lotion, or other abrasive substances on your device. Do not expose your device to pressurized water, high velocity water, or extremely humid conditions (such as a steam room). Do not expose your device or batteries to salt water or other conductive liquids. To protect against electric shock, do not place cord, plug, or device in water or other liquids. If your device gets wet from immersion in water or high pressure water, carefully disconnect all cables without getting your hands wet and wait for them to dry completely before powering it on again. Do not attempt to dry your device or batteries (if applicable) with an external heat source, such as a microwave oven or a hair dryer. To avoid risk of electric shock, do not touch your device or batteries or any wires connected to your device during a lightning storm while your device is powered. If your device or batteries appears to be damaged, discontinue use immediately.

Use only accessories supplied with your device, or specifically marketed for use with your device, to power your device. Use of third-party accessories may impact your device's performance. In limited circumstances, use of third-party accessories may void your device's limited warranty. In addition, use of incompatible third-party accessories may cause damage to your device or the third-party accessory. Read all safety instructions for any accessories before using with your device.

WARNING: Small parts contained in your device and its accessories may present a choking hazard to small children.

WARNING: Strobe lights may trigger seizures in people with photosensitive epilepsy. Do not install, test, or operate product if you have epilepsy or sensitivity to flashing light.

The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.

CAUTION: This product contains bright flashing lights. Do not look directly at light source. Flashing lights may cause dizziness.

Following periods of extended use, the Ring Beacon may feel hot to touch. Please wait 15 minutes after the Ring Beacon is no longer in use before touching or moving.

Do not install when it is raining.

PROTECTION AGAINST WATER

To reduce the risk of damage to your device, follow these instructions:

- Do not intentionally immerse your device in water or expose it to seawater, salt water, chlorinated water or other liquids (such as beverages).
- Do not spill any food, oil, lotion or abrasive substances on your device.
- Do not expose your device to pressurised water, high-velocity water or extremely humid conditions (such as a steam room).

If your device is dropped or otherwise damaged, the waterproofing of the device may be compromised. For more information concerning care instructions and the waterproofing of your device, please see www.amazon.com/devicesupport.

PRODUCT SPECIFICATIONS

Ring Beacon

Model Number: 6LFYA2

Operating Temperature Range: -4°F to 120°F (-20°C to 50°C)

Supplier's Declaration of Conformity

Device Name: Ring Beacon

Model: 6LFYA2

Rating : 5V,1A

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Responsible Party and Party issuing Supplier's Declaration of Conformity:

Ring LLC, 12515 Cerise Ave Hawthorne, CA, 90250 U.S.A.

www.ring.com/legal@ring.com

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution, pursuant to Section 15.21 of the FCC rules, user changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with FCC radio frequency radiation exposure limits set forth for an uncontrolled environment. Information is on file with the FCC and can be found by inputting such Product's FCC ID (which can be found on the device) into the FCC ID Search form available at fcc.gov/bet/ea/fccid.

RECYCLING YOUR DEVICE PROPERLY

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of, or recycle, your device in accordance with your local laws and regulations. For information about recycling your device, go to www.amazon.com/devicesupport.

ADDITIONAL SAFETY AND COMPLIANCE INFORMATION

Additional safety, compliance, recycling and other important information regarding your device can be found at: www.ring.com/legal

RF Exposure Compliance:

This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

IC Regulatory Compliance

This device complies with Industry Canada's licence-exempt RSS. Operation is subject to the following two conditions:

(1) This device may not cause interference; and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada

applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage;

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition au rayonnement du CI établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.

TERMS AND POLICIES

By purchasing or using the product, you agree to the Terms of Service found at ring.com/terms. For other applicable policies, visit ring.com/legal.
