Smart Remote Dimmer Switch, Works with Alexa, Wire-free

HVIN: HCR-Z54C-B-A667-01

EN Intended Use

- ▶ This product is intended for household use only.
- ▶ This product is intended to be used in dry indoor areas only.

Before First Use

DANGER: Risk of suffocation! Keep any packaging materials away from children and pets—these materials are a potential source of danger, for example suffocation.

- ▶ Remove all the packaging materials.
- ▶ Remove and review all components before use.
- ▶ Check the product for transport damages.

Safety Instructions

Read these instructions carefully and keep them for future use. If this product is passed to a third party, these instructions must be included.

- ▶ For indoor use only. Do not use in wet locations.
- ▶ Save this *Safety Manual*. It contains important technical data along with testing information which will be useful after installation is complete.
- ▶ Do not disassemble the product or make repairs yourself. You run the risk of electric shock and voiding the limited warranty. If you need service or assistance, please contact Customer Service.

Battery Warnings

DANGER Risk of explosion!
Risk of explosion if the battery is replaced by an incorrect type.

WARNING

- ▶ **INGESTION HAZARD:** This product contains a button cell or coin battery.
- ▶ **DEATH** or serious injury can occur if ingested.
- ▶ A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- ▶ **KEEP** new and used batteries **OUT OF REACH OF CHILDREN**.
- ▶ **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.
- ▶ For treatment information call: **1-(800)-498-8666**.

- ▶ Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- ▶ Even used batteries may cause severe injury or death.
- ▶ Call a local poison control center for treatment information.
- ▶ The remote is compatible only with battery type CR2032, 3 V.
- ▶ Non-rechargeable batteries are not to be recharged.
- ▶ Do not force discharge, recharge, disassemble, heat above 140 °F (60 °C) or incinerate. Doing so may result in injury due to venting, leakage, or explosion resulting in chemical burns.
- ▶ Ensure the batteries are installed correctly according to polarity (+ and -).
- ▶ Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.
- ▶ Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- ▶ Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

NOTICE

The battery is included.

- ▶ Always insert batteries correctly with regards to polarity (+ and -) marked on the battery and the product.
- ▶ Exhausted batteries should be immediately removed from product and properly disposed.

Battery Disposal

Do not dispose of used batteries with your household waste. Take them to an appropriate disposal/collection site.

Unique Identifier	B0D8KF4HRQ - Amazon Basics Smart Remote Dimmer Switch, Works with Alexa, Wire-free
Responsible Party	Amazon.com Services LLC.
U.S. Contact Information	410 Terry Ave N. Seattle, WA 98109 USA
Telephone Number	(206) 266-1000

FCC Compliance Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) this device may not cause harmful interference, and
 - (2) this device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ Reorient or relocate the receiving antenna.
- ▶ Increase the separation between the equipment and receiver.
- ▶ Consult the dealer or an experienced radio / TV technician for help.

SAR Information

This device meets the government's requirements for exposure to radiowaves. The guidelines are based on standards that were developed by independentscientific organizations through periodic and thorough evaluation of scientific studies.The standards include a substantial safety margin designed to assure the safety of allpersons regardless of age or health. FCC RF Exposure Information and Statement the SAR limit of USA (FCC) is 1.6W/kg averaged over one gram of tissue. Device types: device has also been tested against this SAR limit. This device was tested for typical body-worn operations with the back of the Smart Remote Dimmer Switch kept 0mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain an 0mm separation distance between the user's body and the back of the Smart Remote Dimmer Switch. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.

ISED Statement

The device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICESy3 (B)/NMBY3(B).

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Le fonctionnement. l'appareil numérique du ciem conforme canadien peut y 3 (b) / nmb y 3 (b).

SAR English

Specific Absorption Rate (SAR) information: This Smart Remote Dimmer Switcht meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodi c and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health. ISED RF Exposure Informa tion and Statement the SAR limit of Canada(ISED) is 1.6 W/kg averaged over one gram of tissue. D evice types: Smart Remote Dimmer Switcht has also been tested against this SAR limit. This device was tested for typical b ody-worn operations with the back of the Smart Remote Dimmer Switcht kept 0mm from the body. To maintain complianc e with ISED RF exposure requirements, use accessories that maintain an 0mm separation distanc e between the user's body and the back of the Smart Remote Dimmer Switcht . The use of belt clips, holsters and similar a ccessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with ISED RF exposure

Informations sur le débit d'absorption spécifique (DAS):

Cette Smart Remote Dimmer Switch répond aux exigences du gouvernement en matière d'exposition aux ondes radio. Les lignes directrices sont basées sur des normes élaborées par des organisations scientifiques indépendantes à travers une évaluation périodique et approfondie des études scientifiques. Les normes comprennent une marge de sécurité substantielle conçue pour assurer la sécurité de toutes les personnes, quel que soit leur âge ou leur état de santé. Information et déclaration d'ISDE sur l'exposition aux RF la limite DAS du Canada (ISDE) est de 1,6 W / kg en moyenne sur un gramme de tissu. Types d'appareils: la Smart Remote Dimmer Switch a également été testée par rapport à cette limite SAR. Cet appareil a été testé pour des opérations typiques portées sur le corps avec le dos de la Smart Remote Dimmer Switch gardé à 0 mm du corps. Pour maintenir la conformité avec les exigences d'exposition RF d'ISDE, utilisez des accessoires qui maintiennent une distance de séparation de 0 mm entre le corps de l'utilisateur et l'arrière de la Smart Remote Dimmer Switch. L'utilisation de clips de ceinture, d'étuis et d'accessoires similaires ne doit pas contenir de composants métalliques dans son assemblage. L'utilisation d'accessoires qui ne satisfont pas à ces exigences peut ne pas être conforme aux exigences
