

BLUETOOTH SPEAKER USER'S MANUAL

GET CONNECTED IN 4 QUICK STEPS

BEFORE YOU BEGIN

Before using this product, read the important Safety and Legal information and follow its instruction.

Take a moment before you get started to familiarize yourself with your new Bluetooth speaker.

① CHARGE

- 1 Put the 18650 Li-ion rechargeable battery in the charge with the right direction.
- 2 The indicator light on the charger turns red when the battery is charging. When the battery is fully charged (it will take few hours), the indicator light turns green.

② START BLUETOOTH FEATURE ON YOUR SMARTPHONE

Your phone's Bluetooth feature is off by default. To use your speaker, you must turn on the Bluetooth feature in your smartphone.

③ PAIR YOUR BLUETOOTH SPEAKER

Before you can use your speaker, you must pair (link) it with your smartphone at the first time.

Step A – Turn on the Bluetooth Speaker.

Step B – Set the smartphone to look for your Bluetooth Speaker.

Step C – When your smartphone find the new Bluetooth device " BTS-01 " , Please select it and pair it with your smartphone.

When your Bluetooth speaker successfully paired with your smartphone, the blue indicator light on the Bluetooth Speaker changes from single long flashing to double short flashing.

Note: These steps are for most smartphones. For some special phones, please see your phone's user's guide.

④ TEST

⑤ AND USE

Your smartphone and Bluetooth speaker are now paired and ready to play some music.

To play music with the Bluetooth Speaker:

- 1 Turn on the Bluetooth speaker and start Bluetooth Feature on your phone.
- 2 Open the music player on your phone, select one song on your music list and the Bluetooth Speaker will work now.
- 3 The speaker's volume will follow the system volume on your smartphone. So you can just change the speaker's volume by turning it on your smartphone.

NOTE:

This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment should be installed and operated with a minimum distance 20cm between the radiator and your body

Caution: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
