

Suncooler+ Wireless Speaker System with Cooler

User's Guide for Model IASB504 v3218

Important Safety Instructions

- Read these Instructions.
- Keep these Instructions.
- Heed all Warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding - type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. When the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FCC Warnings

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate

radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Additional Warnings and Precautions

- **CAUTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT, FULLY INSERT.**
- Mains plug is used as disconnect device and it should remain readily operable during intended use. In order to disconnect the apparatus from the mains completely, the mains plug should be disconnected from the mains socket outlet completely.
- **WARNING: Shock hazard - Do Not Open.**
- **CAUTION:** Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.
- **WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- **WARNING:** Do not place this unit directly onto furniture surfaces with any type of soft, porous, or sensitive finish. As with any rubber compound made with oils, the feet could cause marks or staining where the feet reside. We recommend using a protective barrier such as a cloth or a piece of glass between the unit and the surface to reduce the risk of damage and/or staining.
- **WARNING:** Do not ingest battery, chemical burn hazard.
- Battery shall not be exposed to excessive heat such as sunshine, fire or the like.
- Lithium batteries, like all rechargeable batteries, are recyclable and should be recycled or disposed of according to state and local guidelines. They should never be disposed of in normal household waste, and they should never be incinerated, as they might explode. Contact your local government for disposal or recycling practices in your area.

WARNING: To reduce the risk of electric shock, do not remove cover (or back). No user-serviceable parts inside. Refer servicing to qualified service personnel.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of un-insulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol indicates that this product incorporates double insulation between hazardous mains voltage and user accessible parts.

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information go to: www.P65Warnings.ca.gov This product meets and complies with required Federal product guidelines.

Features

- Bluetooth wireless – range 33 ft.
- 21-liter capacity – holds up to 30 12oz cans
- IPX4 water-resistant rating
- Built-in full range speakers
- Removable lid—opens from either side for easy access
- Carry handle
- Rechargeable battery: 4 hours battery life at 50% volume
3 hours battery life at 100% volume

Includes

- User's Guide
- USB-C to USB charging cable

Overview

Front Controls

Controls and Functions

1. **Volume -** : Press to lower the volume level.
2. **Volume +** : Press to raise the volume level.
3. **Play/Pause/Pair**: Press once to play/pause music playback. Press and hold to enter pairing mode or disconnect a Bluetooth device.
4. **Power On/Off**: Press and hold to turn the speaker On/Off.
5. **Bluetooth Indicator LED**
6. **DC Power Input**
7. **Power LED Indicator**
8. **Bottle Opener**

Voice Prompts

Voice prompts are on automatically when powering on the unit. To turn voice prompts on or off, press the power button two times..

IPX4 Water Resistance

The IASB504 features IPX4 level water-resistant protection. This speaker can withstand light water splashes from any angle. The speaker is not completely waterproof and should not be exposed to low- or high- pressure water streams, submerged in water, or left outside uncovered in rain.

Charging the Speakers

Charge fully before use. The charge time is approximately 5 hours.

When the speaker is charging, the **Power Indicator Light** will display a solid red light. When charging is complete, the indicator will turn off.

Using a USB-C to USB cable (included), connect the **DC Power Input** on the speaker to the USB port of a powered-on computer or USB power adaptor (not included) to charge the speaker.

Bluetooth Wireless

Pairing & Playing Audio

1. When powered on, the speaker will enter Bluetooth Mode automatically.
2. Using the Bluetooth setting on your device, search for new devices and select **IASB504**. Refer to the user's manual for your specific device for instructions on pairing and connecting Bluetooth devices.
3. When successfully paired, a voice prompt will announce the connection. The **Bluetooth Indicator LED** will display a solid blue light.
4. Use the controls on the connected device to select and begin playing audio. Use the controls on the speaker or the connected device to play, pause, and adjust volume.

Note: The speaker will automatically connect to the last paired device when powering on. If your device becomes unpaired or it is unable to connect, press the **Play/Pause/Pair** button twice to enter pairing mode. A voice prompt will announce "Bluetooth is connecting" start from step two to connect to your device.

Opening Lid

Both sides of the lid can open for easy access to drinks and snacks without moving the cooler.

- Pull the latch on one side of the lid up, making sure you hear a pop sound.
- Lift the lid to open the cooler, using the closed latch as a hinge.
- Close the lid and snap the latch into place.
- Pull the latches on both sides to remove the lid completely

Important Notice

1. Do not overextend the open latches when lifting the lid.
2. Keep the unit out of wet weather conditions.
3. Use damp cloth and soapy water mixture to clean the unit; do not submerge the unit in water and avoid harsh chemical solvents.
4. Avoid dropping unit.
5. Keep away from fire or other flammable substances.
6. To avoid foodborne illness, do not store meats, poultry, fish, or dairy products in the unit for more than one hour.
7. Keep out of direct sunlight to extend cooling time.
