Detachable [Keyboard Case](#) for iPad Air

Package Contents

- Anker Detachable Keyboard Case for iPad Air
- 2.3ft USB charging cable
- Welcome Guide

Features

- Notebook design resembles a laptop and complements your iPad Air.
- Detachable case with flexible, rubber-feel cutouts protects your device while keeping it fully functional and mobile.
- Rotating stand creates both vertical and horizontal angles ideal for typing, media viewing and more.
- Rechargeable, high capacity lithium battery lasts for over 6 months between charges (based on 2 hours of use per day).
- Opening and closing the case automatically triggers your tablet's sleep or wake modes and turns the keyboard on or off.
- Once paired via Bluetooth, iPad Air connects to the keyboard automatically.
- Molded key caps deliver whisper-quiet and comfortable typing.

Technical Specifications

Bluetooth Standard	Bluetooth 3.0
Product Dimensions	244 × 183 × 19mm / 9.6 × 7.2 × 0.7in
Product Weight	700g / 24.5oz
Operating Range	Up to 10m / 33ft
Charge Time	2.5 hours
Uninterrupted Work Time	360 hours
Working Temperature	-10 ~ +55°C
Lithium Battery Capacity	800mAh
Battery Lifespan	400 charge cycles
Key Life	5 million clicks

Pairing Instructions

- Flick the power switch to the ON position to turn on the keyboard.
- The keyboard will automatically enter pairing mode. The power indicator will turn on for 2 seconds and the Bluetooth indicator will start to flash.
- Activate your device's Bluetooth function and search for the keyboard.
- Select the keyboard name to connect.
- Once the Bluetooth keyboard has successfully connected to your device, the Bluetooth indicator will turn off.

After pairing for the first time, your device will connect to the keyboard automatically when turning on the keyboard. To pair with a different device, simultaneously press the Fn and C keys to enter pairing mode, and repeat the above procedure.

Note: In case of connection failure, delete the pairing record from your device and repeat the procedures above.

Power Saving Mode

After being idle for 15 minutes, the keyboard will enter sleep mode. To wake it, press any key and wait for 2 seconds.

Charging Instructions

When battery power is low, the power indicator will flash red, indicating that it is time to recharge the keyboard.

1. Insert one end of the USB charging cable into the Micro USB port on the keyboard case.
2. Connect the other end of the cable to a power adapter or computer USB port. The power indicator will show a solid red light while the keyboard is charging.
3. Once fully charged, the power indicator will turn green.

Usage Tips

- Do not place heavy objects on the keyboard.
- Do not drop the product, bump it against hard surfaces, or dismantle it.
- Keep the product away from oil, chemicals, and liquids.
- Clean the keyboard by lightly wiping it with a slightly damp cloth.
- Dispose of batteries according to local laws.

Federal Communication Commission Interference Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation. Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Warranty

Our company provides customers with a warranty of **18 MONTHS** from the date of purchase.

Contact Us

For any inquiries or comments concerning our products, please send an email to support@ianker.com, and we will respond to you as soon as possible. If there is any quality-related issue with the product, you may request a REPLACEMENT OR REFUND by submitting a request form at www.ianker.com/support.

Statement

- We're only able to provide after-sales service for purchases made directly from Anker. If you purchased through a different retailer, please contact them for any exchange or refund requests.
- Please note that unauthorized reselling of Anker products is prohibited.

FCC STATEMENT :

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
