

4 PAIRING SPEAKERS

1

Switch the speaker ON and make sure the blue status light is blinking. The speaker will beep when it is ready to be paired.

2

A. For iPhone/iPad/iPad Touch
Go to the Bluetooth™ settings and make sure Bluetooth™ is active. Choose "KaleiGO™". "Connected" will display next to KaleiGO™ when your device has been paired.

B. Android™
Enter the Settings App located in the apps menu and turn Bluetooth™ ON. Tap on search for Devices. Tap on "KaleiGO™" to pair your device.

3

PLAY YOUR MUSIC

Use your device to choose the song you want to play. The KaleiGO™ Speaker will automatically sync to your device.

SWITCHING DEVICES

To switch the Bluetooth™ connection with KaleiGO™ Speaker to another Bluetooth™ device, hold the Play/Pause button for 5 seconds to disconnect the existing Bluetooth™ device before proceeding to pair a new device.

FCC STATEMENT: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

3 SPEAKER CHARGING

IMPORTANT SAFETY INFORMATION

- Read, follow, and keep these instructions.
- Pay attention to all warnings.
- The KaleiGO™ Speaker is not waterproof.
- Leaving the product in hot or cold places (above 110° F or below 0° F) will reduce the capacity and lifetime of the battery.
- Never try to dismantle the product yourself, or push objects of any kind into the products, as this may cause short circuits which could result in a fire or electric shock.
- Use in accordance with the manufacturer's instruction.
- Only use the accessories specified by the manufacturer.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help
