Subject: Request for Class II Permissive Change
FCC ID: 2AB94-A291010001
Original grant date: 06302014
Applicant: SPX Genfare

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: 2AB94-A291010001, originally granted on 06/30/2014.

The original grant is for full modular approval. However, the purpose of this change is to:

- 1) Submit SAR test exclusion calculations that will allow the antenna of this transmitter to be installed to provide a minimum separation distance of 5 mm from all persons at all times. This is less than the distance specified in the original grant (20 cm from all persons at all times).

Thank you for your time and effort.

Respectfully,

Name: Joseph Hessel
Title: Electrical Engineer
On behalf of SPX Genfare

Phone: (847) 593-8855 Ext. 412
