Features

- 9.7" LCD panel resolution 2048*1536, 10.1" LCD panel resolution 1920x1080, 15.6" LCD panel resolution 1920x1080
- RK3566 Quad core cortex A55
- RAM 2GB (Optional 4GB)
- Internal memory 32GB (Optional 64GB)
- Android 13
- 10-Point capacitive touch
- 5MP from a conventional perspective
- 802.11a/b/g/n/ac/ax (WiFi 6 and WiFi 6E)
- Matter protocol
- Zigbee protocol
- Bluetooth 5.3
- Ethernet interface (POE function standard IEEE802.3at, POE+, class 4, 25.5W)
- Relay port (Control home devices that support relay connections)
- 485 232 serial port
- IR port
- I/O port
- Type-c
- Temperature sensor
- Microphone
- Installation aperture of 86 wire box: 60mm
- LED light strip
- Light sensor
- Adapter: 12V/1.5A(9.7"/10.1"/12V/2A(15.6"))

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

This symbol on the product or in the instructions means that your electrical and electronic equipment should be disposed of at the end of its life separately from your household waste. There are separate collection systems for recycling in your country. For more information, please contact the local authority or your retailer where you purchased the product.

1) FCC regulations restrict the operation of this device to indoor use only.
2) The operation of this device is prohibited on oil platforms, cars, trains, boats, and aircraft, except that operation of this device is permitted in large aircraft while flying above 10,000 feet.
3) Operation of transmitters in the 5.925-7.125 GHz band is prohibited for control of or communications with unmanned aircraft systems.
