

EGIGA TECHNOLOGIES CO., LTD

Date: Feb 7, 2014

To Whom It May Concern:

We, EGIGA TECHNOLOGIES CO., LTD. declare on our sole responsibility that the product

Product description: Bluetooth 4.0 LE single mode module;

Brand Name: EGIGATEK; Model: eGM-A20C

is in all relevant parts equivalent to the product

Type: Bluetooth 4.0 LE single mode module;

Brand Name: EGIGATEK; Model: eGM-A20B

The difference between the eGM-A20C (original ver.) and eGM-A20B (series ver.) are:

Antenna type difference, eGM-A20C with Chip antenna, eGM-A20B with Printed antenna.

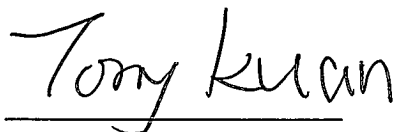

We attest that the test data contained in test reports:

ER/2014/10013

SGS Taiwan Ltd.

continue to be representative of and applicable to the new model. Further, we attest that the parts of the original test results which have been identified in the new test reports continue to be representative of and applicable to the new model. The characteristics that may be affected by the differences between the models are measured again on the new model.

Regards,

Tony Kuan / CTO
