Frequency range : 2402-2480MHz

RF output power: -1 -0.71 dBm(FCC); -2.12 dBm(CE)

GNSS (Receive only):

Frequency range : GPS L1(C/A), BDS B1: 1559-1610MHz

Hardware version : 1.0

Software version : 1.0

Manufacturer: Rip Curl Pty Ltd.
101 Surf Coast Hwy, Torquay,
Vic, 3228, Australia

Importer: Rip Curl EUROPE
407, avenue de la Tuilerie,
40150 Hossegor, France

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

The **Bluetooth®** word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Rip Curl Pty Ltd is under license. Other trademarks and trade names are those of their respective owners.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Appliances marked with this symbol must not be disposed of along with normal household refuse!

You are legally bound to dispose of old appliances separately from household refuse. Information about collection points where old appliances can be disposed of free of charge is available from your local authorities.

Regular batteries and rechargeable batteries must not be disposed of along with household refuse!

You are legally bound to dispose of flat batteries or rechargeable batteries at a local authority collection point or to return them to a battery retailer.
