FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The product is in conformity with the RoHS directive 2011/65/EU.
Radio equipment directive 2014/53/EU.
Electromagnetic compatibility (EMC) Directive 2014/30/EU.

 **Appliances** marked with this symbol must not be disposed of along with normal household refuse!
You are legally bound to dispose of old appliances separately from household refuse. Information about collection points where old appliances can be disposed of free of charge is available from your local authorities.

 **Regular batteries and rechargeable batteries** must not be disposed of along with household refuse!
You are legally bound to dispose of flat batteries or rechargeable batteries at a local authority collection point or to return them to a battery retailer.

The USB charging cable shall be plugged into USB 2.0 port of above version on computer or from USB port of an EN60950-1/EN60065/EN62368-1 approved Limited Power Source (L.P.S.) external power supply.

Warning :
Battery (battery pack installed) shall not be exposed to excessive heat such as sunshine, fire or the like.

FCC radiation exposure statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Model number : A1144

Bluetooth (Transmit and receive) :
Frequency range : 2400-2483.5MHz
RF output power : 0 dBm

GPS (Receive only) :
Frequency : 1.575GHz

Hardware version : 1.0
Software version : 1.0
