To Whom It May Concern:

We, Sunwoda Electronic Co., Ltd. declaration that detail as below:

A, Why the FCC ID is placed in battery compartment

Because customer want to keep pen ID neat, they think putting the label on exterior surface of pen is not attractive to end user..

B, How the FCC ID or label will be readily viewable

It will be viewable to end user when they firstly use the pen.

The pen is not working when user firstly have it. There is isolation pad inside to separate battery from its contact.

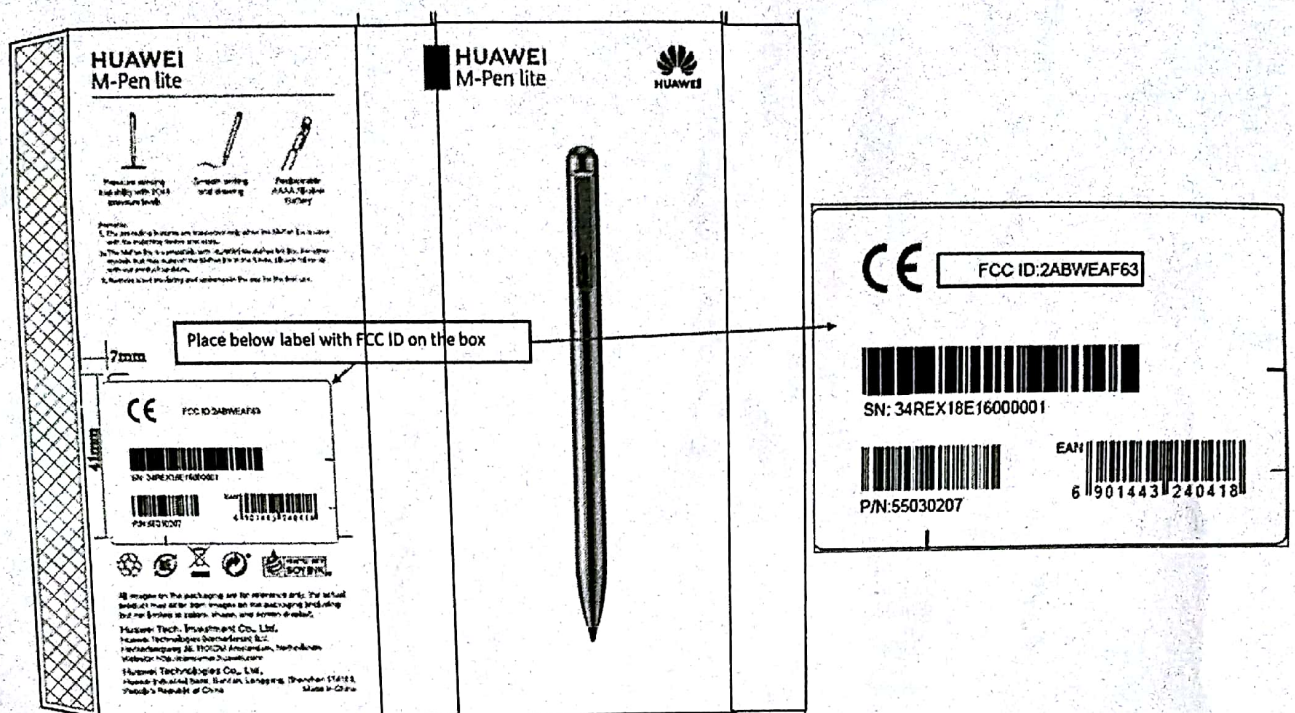

When user remove the isolation pad and put back the battery, the label will be viewable to user and all its contents.

C, How the FCC ID or label will be readily viewable at the time of purchase

There will be label on packing box showing FCC information.
