PWBT and FDBT differences description

The model PWBT and FDBT are electrically identical, except the power supply parts have such difference which would not influence the RF parameters:

Model	R2	R12	R1	R14	R13	C10	R5
FDBT	22KΩ	NC	33Ω	NC	NC	470uF	24KΩ
PWBT	NC	22KΩ	NC	33Ω	0Ω	NC	NC

Note: NC---no need.
