

CQ2 Plus

Qi2 25W Car Mount Charger

QI2 25W Car Mount Charger **Model Name: CQ2 Plus**
Input Power(USB-C Female): 5V≡3A / 9V≡3A / 12V≡3A / 15V≡2.4A
Output Power(QI2 Magnetic Wireless Charger): 5W/7.5W/10W/15W/25W
 *Magnetic wireless charging for Qi2 compatible devices & other phones while using the metal ring adapter.
Operating Temperature: 0°C - 40°C **3-Year Limited Warranty**
Size: 64 x 64 x 40.9 mm **Weight:** 79.8 g **Made in** China

Product Introduction

Magnetic wireless charger

Ring Light
*Blue light turns on when connected.

USB-C Port
*To achieve maximum output, a **30W** PD charger or above is required.

Cable Holder

Universal Air Vent Clip

Adjustable Knob

Soft Anti-Slip Silicone Pad

360° Rotatable & Adjustable Hook

Multi-Angle Adjustable

1 Loosen the cap.

2 Insert ball head into socket.

3 Tighten the cap.

4 Insert into air vent, and adjust the knob to tighten it up.

 Please remove all metal objects from the back of your phone prior to charging.

- Multiple Circuit Protection
- Over-Heat Protection
- Short-Circuit Protection
- Over-Voltage Protection
- Over-Current Protection
- Flame Retardant Protection

- Do not disassemble, puncture, drop, bend or modify
- Do not shake while charging
- Unplug the device when fully charged
- Do not expose to liquids
- Keep away from children
- Avoid extreme temperatures
- 3-Year Limited Warranty

- Please scan the QR code on the packaging for the user manual

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will be avoided if this equipment is installed in accordance with the instructions. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- (1) Reorient or relocate the receiving antenna.
- (2) Increase the separation between the equipment and receiver.
- (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- (4) Consult the dealer or an experienced radio / TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
