1 Power

2 Volume

3 Wireless Charge For Stylus

4 USB Type-C port

Specification

Model	OPD2203	
Screen parameter	29.49 cm (11.61")	
Dimension	258.03 × 189.39 × 6.54 (mm)	
Battery	Rechargeable Lithium-ion Battery DC 3.89 V 9230 mAh / 35.9 Wh (Capacity) 9510 mAh / 36.99Wh (Typical)	
Camera	8 Megapixels (Front) 13 Megapixels (Rear)	
SAR Value	CE SAR (0mm)	1.028 W/Kg (10g)
	FCC SAR (0mm)	X.XX W/Kg (1g)
	ISED SAR (0mm)	X.XX W/Kg (1g)

Note: The SAR values above are the highest values reported for this device.

Hi · Res

This product is conformed to High-Resolution Audio standard defined by Japan Audio Society. The High-Resolution Audio logo is used under license from Japan Audio Society.
 To experience Hi-Res Audio, you need to purchase an OPPO Hi-Res Audio headset accessory or other Hi-Res Audio headsets.

Radio Waves Specifications

Radio	Frequency	Output Power. Max
Bluetooth	2.4-2.4835GHz	14.58dBm(EIRP)
2.4G Wi-Fi	2.4-2.4835GHz	15.65dBm(EIRP)
5G Wi-Fi	5.15-5.25GHz	17.53dBm(EIRP)
	5.25-5.35GHz	14.42dBm(EIRP)
	5.47-5.725GHz	15.26dBm(EIRP)
	5.725-5.85GHz	11.52dBm(EIRP)
WPT	110 ~ 148.5KHz	42dBuA/m@10m

Note: Your device support wireless charger and to comply with RF exposure requirements when using in the wireless charging mode please place the device at a minimum distance of 10cm from your body.

Safety Guide

This user manual provides the product safety information. Before using the smart device, please read the Safety Guide carefully.

Statement

'The Safety Guide' contains information regarding safety, operation and customer service. Before using the smart device, please read all the instructions and the security information below, and keep it for backup. For more information about the device, you can visit : www.oneplus.com

Safety & Security information

Read all information before using the device to ensure safe and proper use.

- This device is suitable for working in an environment of 0°C to 35°C. Temperature for storage should be between -20°C and 45°C. Excessively high or low temperatures may damage the device or reduce the battery's lifespan.
- When charging, please keep the device in a well-ventilated area. Please charge this device in an environment between 5°C and 35°C. If the device has a flash charging function, it may not be able to enter the flash charging mode when the temperature is below 15°C or over 35°C.
- Do not charge the battery over 12 hours.
- The adapter, as the disconnect device from the mains, shall be installed near the device and easily accessible.
- Use manufacturer-approved chargers, data cables, batteries and other accessories to prevent potential electric shock, fire, explosion or other hazards.
- The back cover can't be removed.
- Do not replace, disassemble, modify, mechanically crush or cut the battery, as it may cause battery leakage, overheating, explosion or fire.
- Do not place the smart device or battery directly in sunlight, near/inside sources of heat or in a low air pressure location, which may lead to an explosion or battery leakage.
- To prevent damage to your device's parts or internal circuits, do not use it in dusty, smoky, damp or dirty environments or near magnetic fields.
- If any part of the product is cracked or damaged, discontinue use immediately and contact the OnePlus Service Center.
- Power off your device in any area with a potentially explosive atmosphere, in blasting areas/near blasting caps and comply with all signs and instructions.
- The battery can be charged and discharged hundreds of times at least, but it will eventually wear out.
- The battery must be recycled or disposed of separately from household waste. Mishandling the battery may cause fire or explosion.
- To prevent hearing damage by high sound pressure, do not listen at high volume levels for long periods.
- Listening to a portable device at high volume may damage the user's ears and cause auditory disorders (temporary or permanent deafness, buzzing in the ears, tinnitus or hyperacusis). It is therefore strongly recommended not to use the portable device at full volume or more than one hour a day at medium volume.
- Precautions for using the device: Observe all safety instructions for any places, especially in hospital/health care facilities, service stations, schools, professional garages and in an aircraft. Do not use your device and adhere to all safety warnings/regulations regarding mobile device usage while driving.
Persons with electronic implants (pacemakers, insulin pumps, neurostimulators, etc.) are recommended to place the mobile device 15 cm away from the implant or on the opposite side of the implant.
Pregnant women should keep the mobile device away from their abdomen and teenagers should keep the mobile device away from their lower abdomen.

- Do not leave your device and its accessories within the reach of small children or allow them to play with it. They could hurt themselves or others, or may accidentally damage the device.
- Your device contains small parts with sharp edges that may cause an injury or which could become detached and create a choking hazard.
- All personal information may be removed during or after the product software upgrade. Please back up your personal information before upgrading.
- The operating system of this product supports official system updates. If the user rooted the ROM system of any third party or modified the system file by cracking, it may lead to security risks of the system. OnePlus will not provide any support nor take any responsibility for the final use in these cases.
- To better understand how we protect your personal information, please see the privacy policy at OnePlus official website.
- For more information, please check the User Guide on your device.

Waste Electrical and Electronic Equipment (WEEE)

This symbol (with or without a solid bar) means that according to local laws and regulations your product and/or its battery shall be disposed of separately from household waste. When this product reaches its end of life, user has the choice to give the product to a competent recycling organization. Proper recycling of your product will protect human health and the environment.

If you are not sure what to do with e-waste, please contact your local authorities, retailer, or household waste disposal service.

Reduction of Hazardous substances

This device and any electrical accessories are compliant with local applicable rules on the restriction of the use of certain hazardous substances in electrical and electronic equipment. For declarations of conformity about REACH, please visit our web site: <https://service.oneplus.com/global/search/reach-regulation>

EU Regulatory Conformance

Specific Absorption Rate (SAR) Information

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves recommended by international guidelines.

These guidelines were developed by the independent scientific organization ICNIRP and include safety margins designed to assure the protection of all persons, regardless of age and health.

The guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2.0W/kg when tested at the ear or worn on the body, 4.0W/kg when worn on the limbs. And please see the "Quick Guide" to find the highest SAR value.

This device was tested for typical body-worn operations with the back of the handset kept 0cm away.

To maintain compliance with RF exposure requirements, use accessories that maintain a 0cm separation distance between the user's body and the back of the handset.

The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly.

The use of accessories that do not satisfy these requirements may not comply with RF exposure requirements, and should be avoided.

If you are using pacemaker, hearing aid, cochlear implant or other device, please use the device according to the doctor's advice.

EU Declaration of Conformity (DoC)

Hereby, OnePlus Technology (Shenzhen) Co., Ltd. declares that the smart device (Model: OPD2203) is in compliance with Directive 2014/53/EU and 2011/65/EU. The full text of the EU declaration of conformity (EU-DoC) is available at the following internet address: <https://service.oneplus.com/global/user-manual>.

UKCA Declaration of Conformity

Hereby, OnePlus Technology (Shenzhen) Co., Ltd. declares that the smart device (Model: OPD2203) with this declaration and bearing the UKCA Mark is in compliance with UK Radio Equipment Regulations 2017 (S.I.2017/1206) and RoHS regulations 2012 (S.I.2012/3032). The full text of the UK declaration of conformity is available at the following internet address: <https://service.oneplus.com/global/user-manual>.

Use Restriction

Restrictions in Norway: Use of this radio equipment is not allowed in the geographical area within a radius of 20 km from the center of Ny-Ålesund, Svalbard.

The 5150 to 5350 MHz frequency range is restricted to indoor use only in: AT, BE, BG, CH, CY, CZ, DE, DK, EE, EL, ES, FI, FR, HR, HU, IE, IS, IT, LI, LT, LU, LV, MT, NL, NO, PL, PT, RO, SE, SI, SK, TR, UK(NI).

Please check Radio Waves Specifications in the Quick Guide to determine the Wi-Fi frequency range supported by the device.

Notice:

This device may be operated in all member states of the EU. Observe national and local regulations where the device is used. This device may be restricted for use, depending on the local network.

ErP Compliance

Hereby, OnePlus Technology (Shenzhen) Co., Ltd. declares that its products are in compliance with the Energy-related Products Directive (ErP) 2009/125/EC. For more information, please visit : <https://service.oneplus.com/global/user-manual>.

FCC Regulatory Conformance

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference; and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful to part interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- The antenna(s) used for this transmitter must not be collocated or operate in conjunction with any other antenna or transmitter.
- The country code selection is for non-US model only and is not available for all US models. Per FCC regulation, all Wi-Fi products marketed in US must be fixed to US operation channels only.

RF Exposure Information (SAR)

- This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government.
- The SAR limit set by the FCC is 1.6W/kg. The highest SAR value of this device type complies with this limit. And please see the "Quick Start Guide" card to find the highest SAR value reported to FCC.
- Tests for SAR are conducted using standard operating positions accepted by the FCC with the device transmitting at its highest certified power level in all tested frequency bands.
- Although the SAR is determined at the highest certified power level, the actual SAR level of the device while operating can be well below the maximum value. This is because the device is designed to operate at multiple power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base station antenna, the lower the power output.
- While there may be differences between the SAR levels of various devices and at various positions, they all meet the government requirement.
- This device has also been tested and meets the FCC RF exposure guidelines. During test, device radios are set to their highest transmission levels and placed in positions that simulate use near the body, with 0mm separation. Use of other accessories may not ensure compliance with FCC RF exposure guidelines.
- Choose the belt clips, holsters, or other similar body-worn accessories which do not contain metallic components to support the minimum distance of body-worn operation. Cases with metal parts may change the RF performance of the device, including its compliance with RF exposure guidelines, in a manner that has not been tested or certified, and use such accessories should be avoided.

ISED Regulatory Conformance

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil contient un ou plusieurs émetteurs/récepteurs exempts de licence conformes aux normes RSS(s) applicables aux appareils radio exempts de licence d'Innovation, Sciences et Développement Économique Canada. Son fonctionnement est soumis aux deux conditions suivantes:

1. L'appareil ne doit pas provoquer d'interférences.
2. L'appareil doit accepter toute interférence, y compris les interférences susceptibles d'en compromettre le fonctionnement.

This device complies with the Canadian ICES-003 Class B specifications.

CAN ICES-003(B) / NMB-003(B).

Cet appareil numérique de la Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This equipment complies with IC RSS - 102 radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux radiations RSS-102 établies pour un environnement non contrôlé.

This device complies with the Canadian RSS-216.

CAN RSS-216 / CNR-216

Cet appareil est conforme à la norme CNR-216 du Canada.

Restrictions in 5GHz band

The device could automatically discontinue transmission in case of absence of information to transmit, or operational failure. Note that this is not intended to prohibit transmission of control or signaling information or the use of repetitive codes where required by the technology. The device for operation in the band 5150-5250MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

Les dispositifs fonctionnant dans la bande 5150-5250MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

RF Exposure Information (SAR)

The SAR limit set by the ISED is 1.6W/kg. The highest SAR value of this device type complies with this limit.

This device has also been tested and meets the ISED RF exposure guidelines. During test, device radios are set to their highest transmission levels and placed in positions that simulate use near the body, with 0mm separation. Use of other accessories may not ensure compliance with ISED RF exposure guidelines. Accessories with metal parts may change the RF performance of the device and use such accessories should be avoided.

La limite SAR fixée par l'ISED est de 1,6 W/kg. La valeur SAR la plus élevée de ce type d'appareil est conforme à cette limite.

Cet appareil a également été testé et répond aux directives d'exposition RF ISED.

Pendant le test, les radios de l'appareil sont réglées sur leurs niveaux de transmission les plus élevés et placées dans des positions qui simulent une utilisation près du corps, avec une séparation de 0 mm. L'utilisation d'autres accessoires peut ne pas garantir la conformité aux directives d'exposition RF ISED. Les accessoires avec des pièces métalliques peuvent modifier les performances RF de l'appareil et l'utilisation de tels accessoires doit être évitée.

Care and Maintenance

The following suggestions will help you maintain and prolong the life of your device.

- Only qualified and authorized personnel should make repairs to this product.
- Disabling features such as Bluetooth and Wi-Fi when not in use and dimming the screen can help you save energy and extend battery life.
- Clean your smart device and charger with a soft, clean, dry cloth. If the screen comes into contact with liquid or dust, please clean it immediately. Do not use alcohol or irritating chemicals to clean the device.
- Touching the screen with a sharp object may cause the screen to be scratched.
- Please do not touch the connection port of the smart device, as static electricity may harm components in the device.
- Do not place the device on uneven or unstable surfaces.
- Do not hit, press, shake or drop the device to avoid damage and injury.
- Chargers are not waterproof. Please do not use these devices in the bathroom, areas of high temperature, humidity or dust; please avoid rain.

OnePlus Device Warranty Information

OnePlus devices purchased on oneplus.com or authorized sales channels come with a limited warranty. The duration of this warranty is dependent on the original country or region of purchase and is only redeemable within the original country or region. Unless otherwise specified, this warranty covers the hardware components of the product as originally supplied and does not cover, or partially covers, software, consumable items, or accessories, even if packaged or sold together with the product. The limited warranty only covers functional defects of product caused by workmanship or build materials. For more details, please contact OnePlus Customer Support by visiting oneplus.com/support.

The Limited Warranty Does Not Cover

1. Defects or damage resulting from accidents, neglect, misuse, or abnormal use; abnormal conditions or improper storage; exposure to liquid, moisture, dampness, sand or dirt; unusual physical, electrical or electromechanical stress.
2. Scratches, dents and cosmetic damage, unless caused by OnePlus.
3. Defects or damage resulting from excessive force or use of metallic objects on the touch screen.
4. Devices that have the serial number or the IMEI number removed, defaced, damaged, altered or made illegible.
5. Ordinary wear and tear.
6. Defects or damage resulting from the use of the product in conjunction or connection with accessories, products, or ancillary/peripheral equipment not furnished or approved by OnePlus.
7. Any physical feature defects or damage resulting from improper testing, operation, maintenance, installation, service, or adjustment not furnished or approved by OnePlus.
8. Defects or damage resulting from external causes such as collision with an object, fire, flooding, dirt, windstorm, lightning, earthquake, exposure to weather conditions, theft, blown fuse, or improper use of any electrical source.
9. Defects or damage resulting from cellular signal reception or transmission, or viruses and 3rd party software problems introduced into the product.
10. Free warranty replacements and repairs are only valid in the country or region of purchase. Please contact OnePlus Customer Support for more details.

Note: The above warranty is only valid for the products placed on market in this country or region.

Return Policy (Limited to North America & Europe)

This policy is only applicable to the products purchased from OnePlus official website www.oneplus.com or OnePlus Exclusive Store (if any). For any product not purchased from OnePlus official website or OnePlus Exclusive Store, you may refer to the Return Policy of your original purchase channel.

OnePlus phones and accessories are made to the highest standards and undergo rigorous testing. If you are not satisfied with your OnePlus product for any reason, you may request a return within 15 calendar days of delivery.

Once we approve your return request and receive the product, we will perform standard inspection. And if the product passes the inspection, we will give you a full refund. For full refund the full sales package need to be returned. If something is missing, example charger, the charger amount will be deducted from refund amount.

Return requests made outside of the 15-day period will not be accepted. We may also choose not to accept returns within these circumstances:

1. Defects or damages caused by misuse, neglect, physical damage, tampering, incorrect adjustment, normal wear and tear or incorrect installation after purchase.
2. Price fluctuations being the sole reason for return.

* Customized customer contracts. In accordance with the U.K. Consumer Rights Act 2015, any goods that are not (1) of satisfactory quality; (2) fit for their given purpose; or (3) as described, may be returned free of charge within 30 days of delivery. Please submit a ticket describing the problem with your device. In order to be eligible for a refund, you must contact us within 30 days and describe in details how the goods were defective, damaged, or materially different. We may choose not to accept returns for any of the above mentioned circumstances. In all cases, we will inspect the product and verify the fault. To qualify for a replacement or refund, device must be in "as new" condition and include all original contents of the package. We reserve the right to refuse a refund or exchange if the product returned is deemed to have been damaged.

Service and Support

Please contact OnePlus Customer Support to request a return at oneplus.com/support.
