

OUTSIDE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.
- NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the product and receiver.
 - Connect the product into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

CAUTION:

This is not a medical device. Should not be used to diagnose or treat any medical condition. Consult your doctor for prevention, diagnosis and treatment. See the user guide for further guidance. This is not a toy. Keep away from children.

Battery: Lithium Ion Polymer 3.7 V 40 mAh
Caution: Do Not Open. Do Not Dispose of into Fire.
May Short Circuit, Explode or Leak.
Do Not Swallow. Keep Battery Out of Reach of Children.

Keep this manual and packaging for future reference since it contains important information.
