 Columbia, MD 21046

Modular Approval Request**FCC ID:** 2AC23-DT2H**The following attestation addresses the requirements to support modular approval:**

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	Yes shielded	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Yes All inputs to the modules are buffered through logic or microprocessor inputs.	
(c) The module must contain power supply regulation on the module	Yes A low drop out regulator is used for modular power supply regulation.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Yes The module is equipped with an independently designed antenna.	
(e) The module must demonstrate compliance in a stand-alone configuration	Yes It must be installed within the theme.	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Yes The modular has a permanent fixed label, and below statement was listed in the User Manual; The host device must be labeled to display the FCC ID of the module "Contains FCC ID: 2AC23-DT2H"	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	Yes The module comply with all specific rules applicable to the transmitter including all the conditions provided in the	

	integration instructions by the grantee, Refer to test report and user manual.	
Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	Transmitter meets MPE calculation of 47 CFR 1.1307 . Refer to MPE Reports and Refer to modular installation manual.	

* Please provide a detailed explanation if the answer is "No."
