ATTN.: Reviewing Engineer

FCC ID: 2AC23-WXT3A

We, Hui Zhou Gaoshengda Technology Co.,LTD, attest that this device under FCC ID: 2AC23-WXT3A complies with device protocol requirements and operational restrictions: for indoor access point 6ID.

Note for Modules:

- Device protocol attestation and contention-based protocols apply to functions permanently embedded in the module and cannot be host-dependent.
- Device Restriction statements: We, the grantee, will document the physical restrictions associated with the equipment classes for host products (wired power, integral antenna, non-weatherized enclosure) as conditions of use through the host manufacturer's integration instructions.

Indoor Access Point (6ID):

1. Device Protocol Attestation Statement:
 - a. Contention-Based Protocol is permanently embedded in the module and is not host-dependent.
 - b. The Master Mode use fixed power (FCC certified power). End user cannot control RFpower for this Mode.
2. Statement acknowledging device restrictions:
 - a. Low-power indoor Access Point. An Access Point operating in the 5.925-7.125 GHz band shall be supplied power from a wired connection, have an integrated antenna, not be battery-powered, and not have a weatherized enclosure.
 - b. This device's operation will not be allowed on oil platforms, cars, trains, boats, and aircraft, except that operation of this device is permitted in large aircraft while flying above 10,000 feet only in the 5.925-6.425 GHz band.
 - c. Control of or communications with unmanned aircraft systems is prohibited, including drones.
