IMPORTANT INFORMATION

English

Safety Information

WARNING! ELECTRIC SHOCK HAZARD: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS PRODUCT TO WATER.

Read and follow these instructions, heed all warnings, and keep this document for future reference.

- You product is suitable for use in semi-tropical and moderate climates only. Set up your product in accordance with TruS und Audio's product documentation and place your product in a stable location so it will not fall and cause product damage or bodily harm.
- Do not use your product near water, including dripping or splashing sources (e.g., indoor fountains), or near objects fitted with liquids, such as flower vases or fish tanks.
- Do not use your product near heat sources (e.g., radiators, heat registers, stoves, open flames, such as lighted candles, or other heat-producing devices, such as audio amplifiers or TVs.)
- Do not block ventilation openings or push objects into product vents, ports, or slots. Doing so may create an electric shock or fire hazard. Maintain a minimum distance of at least 15 cm (6 inches) around your product for sufficient ventilation. Covering ventilation openings with such items as newspapers, tablecloths, or curtains may impede ventilation and cause a fire.
- Do not under any circumstances, modify your product's power supply, if one has been included, if the plug does not fit into your AC outlet, have a certified electrician replace your obsolete AC outlet.
- Unplug your product during lightning storms or when it's not being used for long periods of time.

- Only use approved attachments and accessories specified by TruS und Audio.
- Refer all servicing and repair to qualified service personnel. Servicing is required when your product does not operate normally, the power cord/plug has been damaged, the product has been exposed to water, rain, liquid, or moisture, the product has been dropped, or an object has been inserted into a product port or vent.
- For portable products or products weighing less than 7 kg (15lbs), the product label may be found on the product stand, under a lid, or on the bottom of the product itself.
- Clean your product using only a dry cloth and no water or liquid.

Battery information and Disposal guidelines at product end of life.

If the product uses a non-serviceable, rechargeable battery, which should last the duration of a product's warranty period under normal use, please do NOT attempt to change the battery yourself. If the battery has died and you do not want TruSound Audio to replace the battery, you should follow the disposal instructions in the documentation that accompanies your product. Also consult local laws and regulations for the proper disposal of batteries and electronic devices in your region. If there are no local regulations concerning electronic waste disposal, place your product (and its battery) in a waste bin for electronic devices.

Caution: There is a risk of explosion, fire, or chemical burns if battery is replaced by an incorrect type, mutilated, or exposed to conducting materials, liquid, fire, or heat (above 54 C or 130 F). Do not use or recharge a damaged rechargeable battery. Do not use or charge a battery if it appears to be leaking, discolored, deformed, or in any way abnormal. Do not leave a battery discharged or unused for extended periods of time. Do not mix battery types. When a battery is misused, it may explode or leak, causing burns and personal injury.

If a battery leaks, use normal precaution and discard it immediately following the local laws and regulations in your area. Keep all batteries out of the reach of children.

FCC Statements:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions, (1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the in by one or more of the following measures,

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Where shielded interface cables or accessories have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with the FCC. Changes or modifications to product not expressly approved by TruSound Audio could void your right to use or populate your product.

Canada: IC statement:

This Class B digital apparatus complies with Canadian ICES-003.

This device complies with Industry Canada license-exempt RSS standard 210. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

TruSound Audio hardware product limited warranty:

TruS und Audio warrants to the original purchaser that your TruSound Audio hardware product shall be free from defects in material and workmanship for the period of time, identified on your product package and/or contained in the user documentation, from the date of purchase. You may also find the information by going to our website at www.TruS_undaudio.com/faq. Except where prohibited by applicable law, this warranty is non-transferable and is limited to the original purchaser. This warranty gives you specific legal rights, and you may also have other rights that vary under local laws.

TruS und Audio's entire liability and your exclusive remedy for any breach of warrant shall be at TruS und Audio's option, (1) to repair or replace the hardware, or (2) to refund the price paid, provided that the hardware is returned to the point of purchase or such other place as TruS und Audio may direct with a copy of the sales receipt or dated itemized receipt. Shipping and handling charges may apply, except where prohibited by applicable law. TruS und Audio may, at its option, use new or refurbished or used parts in good working condition to repair or replace any hardware product. Any replacement hardware product will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer or for any additional period of time that may be applicable in your jurisdiction.

This warranty does not cover problems or damage resulting from (1) accidental, abuse, and misapplication, or any unauthorized repair, modification or disassembly, (2) improper operation or maintenance, usage not in accordance with product instructions or connection to improper voltage supply, or (3) use of consumables, such as replacement batteries not supplied by TruS und Audio except where such restriction is prohibited by applicable law.

How to obtain warranty support: Before submitting a warranty claim, we recommend you I the support section at www.TruS_undaudio.com/faq for technical assistance. Valid warranty claims are generally processed through the point of purchase during the first three hundred and sixty five days after purchase, however, this period of time may vary depending on where you purchased your product please check with TruS und Audio or the retailer where you purchased your product for details. Warranty claims that cannot be processed through the point of purchase and any other product related questions should be addressed directly to TruS und Audio. The addresses and customer service contact information for TruS und Audio can be found in the documentation accompanying your product and on the web at www.trusoundaudio.com/faq

Limitation of liability: TRU S _UND AUDIO SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS, REVENUE OR DATA (WHETHER DIRECT OR INDIRECT) OR COMMERCIAL LOSS FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON YOUR PRODUCT EVEN IF TRU S _UND AUDIO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Duration of implied warranties: EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OF THIS

HARDWARE PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THE APPLICABLE LIMITED WARRANTY PERIOD FOR YOUR PRODUCT.

Additional Rights: Some states do not allow limitations on how long an implied warranty lasts, or allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from State to State or by country or other jurisdiction.

National Statutory Rights: Consumers have legal rights under applicable national legislation governing the sale of consumer goods. Such rights are not affected by the warranties in this Limited Warranty.

No other Warranties: No TruS und Audio dealer, agent, or employee is authorized to make any modification, extension, or addition to this warranty.

Warranty Periods: Please note that in the European Union, any warranty period less than two years shall be increased to two years.
