

Declaration of Crystal Marking Difference

We

Name: Espressif Systems (Shanghai) Co.,Ltd.
Address: 1-7th Floor, Building 3, 235 Yubei Road, Pudong New Area, Shanghai
China County: China
Representative: Mia Zhou

Declare that:

This statement confirms that the crystal used for our model ESP32-C3-MINI-1U has undergone a laser marking update only. The physical appearance of the marking has changed, but all other aspects of the component remain unchanged, the frequency is 40MHz with no change.

The only difference is the silkscreen appearance (date code format, marking position). No changes have been made to the design, materials, or manufacturing process that affect form, fit, or function.

Both the old and new markings are acceptable as equivalent products. Please contact us if additional qualification data is required.

Apply for Certification of the following product(s):

Product description: Wi-Fi & Bluetooth Internet of Things Module
Type designation: ESP32-C3-MINI-1U
Trademark: ESPRESSIF
FCC ID: 2AC7Z-ESPC3MINII
