Re: Confidentiality request for:

Product name: Transponder JGA 29001/6 with 2AC9HJGA29001-6.

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule, 47 CFR Part 0, Subpart C (Specific rule part §0.459).

We have requested that the following attachments: Schematics (JGA29001-6Schem.pdf), Block diagrams (JGA29001-6BlkDia.pdf), Operational descriptions (JGA29001-6OpDes.pdf), Parts lists (JGA29001-6PartLst.pdf) and internal photos (JGA29001-6IntPho.pdf) required to be submitted with this application is to be withheld from public review.

These documents contain detailed system and equipment description and related information about the product which Bombardier Transportation considers being proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Bombardier Transportation considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Jeffrey S. Stover

Applicant
