A close-up photograph of a blue printed circuit board (PCB) populated with various electronic components. A red rectangular box highlights a specific area on the left side of the board, which is identified by a white callout bubble with the word "Antenna". The highlighted area contains a blue, meander-like structure, likely a printed antenna. Other visible components include a large black integrated circuit (IC) labeled "BCM20730 A1KFBG TC1425P11 391847 N1A W", several smaller ICs, resistors, and capacitors. The PCB is mounted on a blue, textured surface.
