ADDITIONAL INFORMATION

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Mini Speaker

Brand name: Moss
QUICK START GUIDE

FCC ID: 2ACBYM1

BLUETOOTH SETUP

1

Turn your MOSS speaker ON. It will play a sound and the light will blink blue.

2

Press and hold down the Bluetooth button for about 6 seconds, until you hear a beep. The light will blink red and blue to indicate you are in the pairing mode.

3

Access the Bluetooth settings on your device (phone, tablet, laptop etc) and enable Bluetooth connections.

4

Select MOSS MINI from the list of Bluetooth devices. Your MOSS speaker will play a different sound to let you know that it is connected. The LED light will also blink blue.

All done... It's time to play some music!

From now on, your speaker will be paired to this device. It will automatically connect each time you switch it on.
