

Vodafone
Mobile WiFi
R219t

Quick Start Guide

Your Vodafone Mobile WiFi
network name & password

SSID sticker here

CJBTSSSVDAAA

Open

Insert battery

Charge

Start

Press and hold the power key

Connect

Note: you can use your computer's USB port for power as well.

Choose Wi-Fi on your computer, smartphone or tablet settings, then select your Mobile Wi-Fi network name.

Enter the password to connect and open the web interface.

When you first connect to the network you may be asked to activate your SIM. If you're asked to unlock your SIM card, go to <http://vodafonemobile.wifi> and enter the PIN for your SIM.

Turn over for more information about using your Vodafone Mobile WiFi.

Using the web interface at vodafonemobile.wifi

You can find the web interface on vodafonemobile.wifi if it doesn't appear automatically when you connect. Then login using the password **admin**

Then you can see your network and Wi-Fi status, how much data you have used, get help and support, and even send and receive SMS messages from your computer.

What the lights mean

Signal

- Connected to 4G network
- Connected to 3G network
- Connected to 2G network
- Registered to the network, but not connected (no internet)
- No connection. This could be because the SIM card is not inserted correctly, or because there is no network signal.

Power WPS

- Wi-Fi**
Wi-Fi active
- SMS**
New SMS
- (slow blinking:) SMS Inbox full
- (fast blinking:) Device update available at vodafonemobile.wifi
- No SMS
- Battery**
Fully charged
- Charging
- Battery low
- Standby - not charging

Power-saving modes

After **30 seconds** without a button being pressed, all the LED lights will turn off except the Power LED. Press any button to turn them on again.

After **10 minutes** without the Wi-Fi being used, the mobile network connection will turn off. When you press any key or when a device accesses the Wi-Fi, the network will be connected again automatically.

After **30 minutes** without the Wi-Fi being used, the Wi-Fi network will turn off. Press any button to turn the Wi-Fi network back on.

The buttons
