Specification

Product Name	Keyboard
Bluetooth	Bluetooth 5.0
Dimension	279.6*207.77*17.51mm
Weight	About 501g
Battery Capacity	210 mAh
Continuous use Time	About 120 H
Battery Type	Li-Polymer
Available Distance	About 10m
Operating Temperature	0 to 40°C

Keyboard Interface

Battery Charging for Keyboard

If the power LED indicator is blinking, the keyboard battery needs to be charged.

1. Plug one end of a USB cable into the charging port of keyboard, and the other end into a USB port on your charger.
2. The Power LED indicator is solid as the battery is being charged.
3. Charge the battery until the light turns off.

Connecting Keyboard to Device

The keyboard connects to the device via Bluetooth. You'll need to pair the keyboard with the device when you use it for the first time.

1. Make sure Device Bluetooth is on

Open Settings, find Bluetooth and turn on it's switch.

2. Turn on the Keyboard

To turn on the keyboard, move Power key to ON position and the power LED indicator turns white. The keyboard is now discoverable and can be paired with your device.

3. Pair Keyboard with Device

In the device's Bluetooth settings, select "Smart Keyboard Case (KB9445X)" from the available device list and touch it to pair.

Note: To configure keyboard input language, go to Settings > System > Keyboard > Physical Keyboard > Smart Keyboard Case (KB9445X) Keyboard, then select the language you want.

Indicator Status

Name	Light and Function
Power/Charge LED	Power on: Move Power key to ON position, power LED indicator turns white and remains lit for 1s to 2s. Power off: Move Power key to OFF position. Low battery status: The LED indicator breathes (flashes once every 2s). Charging status: The LED indicator stays solid white when the keyboard is being charged and turns off when fully charged.
Bluetooth LED	Bluetooth discovery state: The indicator flashes rapidly (on for 0.5s, off for 0.5s). Successful Bluetooth connection: The indicator stays on for 5s, then turns off. Pairing timeout (120s): The LED indicator will turn off.
Mic mute LED 	The LED indicator turns on when mic is muted.

Name	Light and Function
Caps lock LED 	The LED indicator turns on when Caps Lock is activated.

Hot Keys

Keys	Function	Keys	Function
 Esc	Exit	 F1	Mute

Battery:

Observe the following precautions for battery use:

- Do not attempt to open the back cover and replace the inner rechargeable Li-polymer battery. Please contact the dealer to replace it.
- Do not attempt to remove, replace, or open battery.
- Do not puncture the back cover of your device.
- Do not burn or dispose of your device in household garbage or store it at temperatures above 50°C.
- Dispose of used batteries according to the instructions. Risk of explosion if battery replaced by an incorrect type.

Charger

The power delivered by the charger must be between min **0.3** Watt required by the radio equipment, and max **1** Watt in order to achieve the maximum charging speed.

This symbol on your device, the battery and the accessories means that these products must be taken to collection points at the end of their life:

- Municipal waste disposal centers with specific bins for these types of equipment.
- Collection bins at points of sale.

They will then be recycled, preventing substances being disposed of in the environment, so that their components can be reused.

In European Union countries:

These collection points are accessible free of charge. All products with this sign must be brought to these collection points.

In non-European Union jurisdictions:

Equipment with this symbol are not to be thrown into ordinary bins if your jurisdiction or your region has suitable recycling and collection facilities; instead they are to be taken to collection points for them to be recycled.

FCC Regulations:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation if this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user, is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF Exposure Information

This device meets the government's requirements for exposure to radio waves.

This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.

FCC ID: **2ACCJB244**

EU Regulatory Conformance

Hereby, TCL Communication Ltd. declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: https://www.tcl.com/global/en/EC_DOC

Notice from Innovation, Science, and Economic Development (ISED) Canada

This device complies with ISED Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

This device may not cause interference, and;

This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device for operation is in compliance with SAR for general population/uncontrolled exposure limits in IC RSS-102/ISED RSS-102 and had been tested in accordance with the measurement methods and procedures specified in IEC/IEEE 62209-1528. This equipment should be installed and operated with minimum distance 0 mm between the radiator and your body. This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

Cet appareil ne doit pas causer d'interférences.

Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Déclaration d'exposition RF: L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.

IC: 9238A-0132

CAN ICES-3 (B)/NMB-3(B)

This equipment operates with the following maximum power: **Bluetooth LE 2.4GHz band: 9.69 dBm**

Warranty⁽¹⁾

1 YEAR LIMITED WARRANTY

TCT Mobile (US) Inc. offers a 1 year limited warranty on selected TCL devices that are found to be defective in materials or workmanship upon submission of the following items:

Proof of purchase – consisting of original invoice or sales slip indicating the date of purchase, dealer's name, model and serial number of the product.

General Terms and Conditions

This warranty is confined to the first purchaser of the product only and is not applicable to cases other than defects in material, design and workmanship.

Items and Conditions Not Covered:

- Periodic checks, maintenance, repair and replacement of parts due to normal wear and tear
- Abuse or misuses, including but not solely limited to the failure to use this product for its normal purposes

(1) The warranty period may vary depending on your country.

or in accordance with TCL's instructions on usage and maintenance

- Defects resulting from usage of the product in conjunction with accessories that are not approved by TCL for use with this product
- TCL will not be responsible for any repairs caused by third party component parts, or service that is found to be the cause for the defect or damage of the product.
- TCL will not be responsible for failure to use the battery in accordance with the specific instructions of core outlined in the product user manual. For example, do not attempt to open sealed devices, such as batteries. Opening of sealed devices may result in bodily injury and/or property damage.
- Accidents, Acts of God, lightning, water, fire, public disturbances, improper ventilation, voltage fluctuations or any cause beyond the control of TCL
- This warranty does not affect the consumers' statutory rights nor the consumers' rights against the dealer related to their purchase/ sales agreement.

TCL's 1 Year Limited Warranty will abide by the following options regarding claims:

1. Repair the TCL product using new or previously used parts that are equivalent to new in performance and reliability
2. Replace the TCL product with the same model (or with a product that has similar functionality) formed from new and/or previously used parts that are equivalent to new in performance and reliability, also;
 - a. When a TCL product or part is replaced or provided, any replacement item becomes the customer's property and the replaced or refunded item becomes TCL's property

b. TCL will not provide any data transfer service. This is the customer’s responsibility. TCL shall not be liable for the loss of any saved/stored data in products that are either repaired or replaced. Customer should maintain a separate backup copy of the contents of the device’s data.

3. Repair or Replacement of any TCL product under the terms of this warranty does not provide right to extension or renewal of the warranty period.

4. Warranty repairs are available free of charge at TCL authorized repair centers for products that comply with the General Terms and Conditions of this warranty. Shipping cost of the defective product(s) to TCL authorized repair center is to be paid by the customer. The customer is responsible for any damage to the defective product during shipment to the authorized repair center.

5. This warranty is not transferrable. This warranty will be the purchasers’ sole and exclusive remedy and neither TCL nor its service centers shall be liable for any incidental or consequential damages or breach of any express or implied warranty of this product.

6. This warranty extends to products purchased and sold within the United States and Canada. All products sold in United States will be subject to their respective state and federal laws. All products purchased in Canada will be subject to Canadian laws.
