Turn On/Off Unit

ON- Press 3 seconds to turn ON the smart device.

OFF- Press 3 seconds to turn OFF the smart device.

Measure meat temperature to USDA doneness temperature range

Set from APP

1. Tape the Probe 1 or Probe 2 meat setting icon.
2. Select meat type BEEF, Lamb, Pork, Turkey, Fish, etc.
3. Choose Gourmet or USDA standard temperature, then the target temperature will be send to smart device.
4. Once the temperature of meat Probe 1 or Probe 2 reaches the doneness level, the smart device will beep. Press any button to stop the beep.

Set from device

1. You can use two probes (Probe 1 and Probe 2) to measure and monitor temperatures of two pieces of meat or two sections of the same large piece of meat at the same time.
2. Press MODE to select Probe 1 or Probe 2, then press + - to choose your target temperature. Leave it for 2 seconds, the target temperature will be set automatically and show on the display.
3. Once the temperature of meat Probe 1 or Probe 2 reaches the doneness level, the smart device will beep. Press any button to stop the beep.

Count down Timer

1. Choose Timer 1 or Timer 2, Press + to your adjust timer setting.
2. If you need to set up very long timer count down timer, hold + to increase and press - to deduct.
3. Leave the button for 2 seconds, the Timer will be set automatically. It support 999 minutes.
4. When countdown timer reaches 0, an alarm will beep. Press any button to stop the beep.

Note: Smart Device count down timer is separated with APP Timer just to avoid the conflict.

Backlight

In working condition, press + to turn on backlight and - to turn off backlight. Using the backlight will eat up a lot of power. If not necessary, the recommendation is to turn off backlight.

Helpful Hints

1. Do not immerse the probe in water while cleaning.
2. Do not use metal probe in Microwave Oven.
3. Do not allow the probe or probe wire to contact with flames.
4. Avoid probe touching bone or heavy fat areas. It might cause temperature display seems increase too fast.

Cautions:

1. Do not expose the receiver or transmitter to direct heat.
2. Keep the stainless steel probe sensor and wires away from children.
3. Do not touch the hot probe with bare hands. Wear a heat resistant glove to during or after cooking.
4. Do not use in the rain. Smart Device is not waterproofed.
5. Do not immerse the probe in water while cleaning or using dish washer to clean probe. Clean them with damp cloth.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
