

Modular Approval Request Letter

FCC ID: 2ACDZ-WT1HB12

Date: Feb. 13, 2017

Gentlemen:

There's a WT1HB12 that would like to have your authorization as a modular approval.

The specific product as below, with its designed features and specified description, meets special requirements for full modular approval on FCC Public Notice DA 00-1407 Released: June 26, 2000 by cross-reference list below.

Company	Hangzhou Gubei Electronics Technology Co., Ltd
Model Number	WT1HB12
FCC ID	2ACDZ-WT1HB12

Requirement of Public Notice DA00-1407/ Part 15.212	
1. The modular transmitter must have its own RF shielding.	The module has its own RF shielding.
2. The modular transmitter must have buffered modulation/data inputs.	The module has only digital I/Os for data input or output. All these inputs are buffered in MCU (U1). Please see the schematic.pdf.
3. The modular transmitter must have its own power supply regulation.	All power lines derived from the host device are regulated before energizing other circuits internal to the module. Please see the schematic.pdf.
4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c).	The module meets the FCC antenna requirements.
5. The modular transmitter must be tested in a stand-alone configuration, i.e., the module must not be inside another device during testing.	The module was tested in a stand-alone configuration.
6. The modular transmitter must be labeled with its own FCC ID number, and, if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module.	The label position of the module is clearly indicated. It is on the RF shielding.
7. The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. A copy of these instructions must be included in the application for equipment authorization.	The module is compliant with all applicable FCC rules. Detail instructions are given in the Users Manual. Please see user's manual.pdf.
8. The modular transmitter must comply with any applicable RF exposure requirements. For example, FCC Rules in Sections 2.1091, 2.1093 and specific Sections of Part 15, including 15.319(i), 15.407(f), 15.253(f) and 15.255(g), require that Unlicensed PCS, UHF and millimeter wave devices perform routine environmental evaluation for RF Exposure to demonstrate compliance. In addition, spread spectrum transmitters operating under Section 15.247 are required to address RF Exposure compliance in accordance with Section 15.247(b)(4).	The module comply with applicable RF exposure requirements.

Thank you.
