

Declaration Letter

Dear Sir,

For our business issue and marketing requirement, we would like to list 2 model numbers on the certificates and reports, as following:

Model No.: Mars1417XF-GSI, Mars1417XF-CSI

We declare that the difference of these is listed as below:

The two models are the same in electrical characteristics only except the scintillator screen material which does not influence essential performance. Model Mars1417XF-GSI uses Gadolinium Sulfoxylate scintillator screen and model Mars1417XF-CSI uses Caesium Iodide scintillator screen. The scintillator screen is a kind of material which does not generate any electric and power consumption when it works..

Thank you.
