Subject: Request for **Short Term Confidentiality**

FCC ID: 2ACHL-AIR10CD

To Whom It May Concern:

In accordance with §0.457(d) and §0.459 of 47 CFR, **ResMed Ltd** ACN 003 765 142 requests short term confidentiality for itself and on behalf of ResMed Inc and its subsidiaries (the **ResMed Group**) for the following items:

1. External Photographs
2. Internal Photographs
3. User Manual
4. Test Set-up Photographs

until the product will be publicly announced.

Number of days: 180 days from Grant date.

These items contain detailed system and equipment description and related information about the product which **ResMed Ltd** considers to be proprietary and confidential to the ResMed Group and a custom design, which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, **ResMed Ltd** also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits prior to the commercial release date would harm **ResMed Ltd** and the members of the ResMed Group by giving our competitors an unfair advantage in the market and diminishing the value of our investment in research and development. **ResMed Ltd** believes the period of confidentiality requested is necessary to protect the information until the commercial release of the product.

Sincerely,

Greg Dockar | Senior Regulatory Affairs Manager | ResMed Ltd.
