

Label information and location

Label location

The FCC ID is not on the exterior of the device but labelling meets the conditions allowed in KDB 784748 for the label to be placed in a user accessible area.

- Device is a portable device.
- Location of label is presented in user guide for end user.
- Removing of top cover is presented in user guide.
- Label is clearly visible after removing top cover of device.
- End user doesn't require any special tools to access label.
- Label is not removable.
- The FCC ID is on the label, 2-part statement is in the user guide due to device size.
- The label position can be found in the external photo exhibit (A-cover removed view).
