Subject: Professional Installation Attestation for FCC ID:2ACNTAWB51

To Whom It May Concern: We, [HMS Industrial Networks AB](#), hereby attest that the products bearing the FCC ID:2ACNTAWB51, Model Numbers [AWB51](#), are limited to professional installation only. These devices are not intended for sale to the general public or for installation by untrained individuals.

The [AWB51](#) is high-performance industrial wireless access points designed for complex network environments. Their features and functionality require specialized knowledge and training for proper configuration, optimization, and safe operation. Improper installation by a non professional could result in non-compliance with technical standards and regulatory requirements, including potential interference with other services.

[HMS Industrial Networks AB](#) will ensure the professional installation of this device through the following measures:

- 1. Restricted Sales Channels:** The [AWB51](#) will only be sold through authorized professional integrators, value-added resellers, and distribution channels that serve the industrial and enterprise markets. Sales to retail outlets or directly to the general public will not be permitted.
- 2. Clear Product Labeling:** The products and their packaging will be clearly marked with a product label stating the correct power input range, and the Quick Installation Guide will include a more detailed Professional Installation Attestation.
- 3. User Manual:** The device's user manual will explicitly state that installation must be performed by a qualified professional. The guide will include specific instructions and warnings to this effect.
- 4. Specialized Features:** The device's advanced configuration and power options (e.g., IEEE 802.3at PoE) are not intuitive for end-users and require technical expertise to set up correctly.

By implementing these measures, [HMS Industrial Networks AB](#) commits to the exclusive professional installation of the [AWB51](#) and their compliance with all applicable FCC rules and regulations.

Best Regards,
