RE: Zenner USA. FCC ID: 2ACOA-MS3

This is an application for a new limited modular certification of Zenner USA., FCC ID: **2ACOA-MS3**, Product Model Name/PMN: **Mesh Stamp 3**, Model/HVIN: **208-0041-001**. The Mesh Stamp 3 is a digital spread spectrum operating in the 902-928MHz band. The module is limited as it does not have regulated power, but meets all other requirements for Limited Modular Approval. The module is not to be marketed to 3rd party integrators and will only be used in the OEM's host products. The OEM's host products are Class A digital devices marketed to, and professionally installed by, Public Utility Service Providers. The devices are used to send utility metering data to the utility service providers. This device was evaluated to, and meets the requirements of, 47 CFR §15.247 and §15.212(b).

Should there be any questions or concerns with this filing, please feel free to contact me.

Sincerely,

A handwritten signature in brown ink, appearing to read 'Art Voss'.
